Clearly display DJA-17-AHDQ-R-0035 on all submissions.

2.1 Price/Cost Info for Contractor

All paperwork for background shall be completed and submitted to the Contracting Officer's Representative no later than 3 days after Award.

The contractor shall maintain the full level of staffing it proposed (staffing categories and the number of positions) to accomplish the SOW. The monthly invoice shall be proportionally reduced based upon any reduction in the level of staffing (i.e., position vacancies, excused or unexcused absences). Proportional reduction shall be based upon the hourly rate of the position affected.

[A material handling rate may be proposed if supported with pool and base data that is auditable. Said rate, once negotiated, will be authorized under the ODCs/Travel CLIN for applicable actions. No other] indirect rates shall be authorized for ODCs[/Travel].

Furthermore, the following Wage Determinations apply to this requirement: 2015-4281, 2015-5623 and 2015-5831.

2.2 Amendment/Modification Justification

No. / RFP Section	Question	Response
44 / Instructions to Offerors	Would the Government please confirm that bidders need only submit a resume and a letter of commitment/ intent for one position, that of the Metrology Technician, which is the only unfilled position currently according to your answer to Question 15?	Offerors need to submit a Resume and letter of commitment for new personnel. Section 3.1.5 of the Instructions of the Offerors has been updated to remove 'unfilled positions'.
45 / QRs Document	With regard to the Welder question where you state "Basic welding is a current skill set of incumbents", Will the Government provide information on what labor category in the solicitation currently provides welding services; and Will the Government reconsider using a separate SCA labor category 23960 - Welder, Combination, Maintenance?	Welding is a minor, infrequent activity. There may be some basic, occasional repair of light equipment. Welding activities that require extensive welding should be subcontracted.
46 / Instructions to Offerors	With regard to what resumes are required to be submitted, it is still unclear as to what Labor categories are Key and require a "resume(s) and letter(s) of commitment/letters of intent for the [new] personnel selected to work on this contract [unfilled positions]". Q3: Will the Government clearly state by Labor category (absent SCA labor) what position(s) require a resume or letter of commitment/intent.	Per ATF Clause #ATF-31 (original SF1449, pg. 32), 1 Operations Lead; 1 Metrology Technician II; 4 Engineering Technicians; 2 Carpenters; and 4 Laboratory Technicians are considered Key Personnel. See Response to Question #1. Also, with the identification of a replacement Metrologist undergoing background, there are currently no unfilled positions. ATF is already in possession of resumes for the incumbents.
47 / Instructions to Offerors	The proposal page limit says that for past performance, they are limited to 2 pages each; however, your template is 3 pages. Can I include all 3 pages of the past performance in the proposal, or should I just include the first page?	Section 1(d) states that the 3-page Questionnaires that the Gov't provide aren't a part of the page count. The 2-page limit refers to the info the offeror submits regarding its Past Performance.

All other Terms and Conditions remain the same, including the Due Date *(Tuesday, 8/8/17, at 10:00am Eastern Standard Time)*.

Section 3 - Contract Clauses

3.3 ATF Points of Contact

Contract Specialist: Sheray Millhouse (Sheray.Millhouse@ATF.gov), 202.648.9071
Contracting Officer's Representative: To be provided at Award
Program Office's Representative: To be provided at Award

Section 4 - List of Attachments

Section 5 - Solicitation Provisions

Provisions By Full Text

L1 Instructions to Offerors

The Government reserves the right to award on initial proposals; therefore, the prospective contractor/offeror is to submit its best candidates and pricing in the initial proposal. The Government reserves the right to pursue additional discounts.

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one (1) or more provisions by reference, with the same force and effect as if they were given in full text. The full text of a provision may be accessed electronically *via* these websites: http://farsite.hill.af.mil/vffara.htm or https://www.acquisition.gov/far/current/pdf/FAR.pdf. Be cautioned that the listed provisions may include blocks that must be completed by the prospective contractor and submitted with the offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its offer.

(a) The Government may award without conducting discussions; however, the Government Contracting Officer (CO) reserves the right to conduct discussions with offerors and to permit them to revise their proposal(s) if deemed in the best interest of the Government. Accordingly, each initial proposal should contain the offeror's best terms from a price and technical standpoint.

(b) The offeror shall submit an electronically signed and dated proposal, **by the Close Date and Time in Block 8 of the Standard Form (SF) 1449**, to Sheray Millhouse, the Contract Specialist (CS), *via* Sheray.Millhouse@ATF.gov.

(c) **Any submission *(proposals, modifications, and revisions)* received after the time and date specified for receipt will be considered LATE and excluded from evaluation.**

1. PROPOSAL SUBMISSION

(a) To be considered for selection, the offeror must submit a complete response to this Solicitation/Request for Proposal (RFP) using the sequence and format provided herein. All pages must be identified with the offeror's name and the Solicitation number, **DJA-17-AHDQ-R-0035**.

(b) Proposals shall be submitted in one (1) electronic copy *via* email. The electronic submission shall be in uncompressed files. Note: Prospective contractors are cautioned to limit the email file size to no larger than **15MB**.

(c) The electronic version of the text in Volume I shall be in Microsoft Word or Adobe Acrobat Portable Data Format (PDF).

(d) Information shall be confined to the appropriate volume folder/tab to facilitate independent evaluation. The technical proposal should be clear and concise, logically assembled, indexed and cross-indexed to applicable parts of the RFP as appropriate. Each task/deliverable in the Statement of Work (SOW) shall be addressed sequentially in the offeror's proposal, and the offeror shall clearly identify to which task/deliverable they are responding. Pages over the maximum-page limitation for any volume folder/tab will be ex-

in paragraph 2(c). Resumes nor 'Past and Present Performance Questionnaires' are not a part of the page limitation.

2. PROPOSAL FORMAT

(a) **Submissions**. Submissions shall be on 8 ½" x 11" (with no fold-outs). The text shall have 1" margins on all sides, be single-spaced; font style Calibri; font color black; and font size 12. Illustrations *(e.g., graphic figures, graphs, and tables)* shall be in portrait format with font colors other than black allowable and font sizes 9-12 are considered acceptable. [The prospective contractor's name, the date, RFP number, volume number and section shall be included on each page of the proposal *(may be included in a header/footer)*. The Company's logo is allowed on the cover sheet/master page.] All pages of the proposal shall be numbered, using a uniformed-paragraph-numbering system. Page numbers, headers and footers may be outside the page margins, and are not bound by the font, color and point-size requirement. Information not contained within the above limitations will not be evaluated.

(b) **Volume.** The offeror shall present all information relevant to each factor in the appropriate section. The offeror shall insert its name in the filename. At the end of each Volume folder/tab, the offeror may include any "Exceptions" that it takes with the requirements, constraints and terms and conditions. Any exceptions taken shall clearly identify the RFP section, paragraph, requirement/objective, constraint, and terms and conditions to which the exception is being made and include appropriate supporting rationale for each exception. The Government is not obligated to accept such exceptions to the RFP, and these may render the offeror's proposal unacceptable.

(c) **Requirements.**

Volume	Section/Tab Title	Number of Electronic Copies	Total Page Limits
I	Section 1 – Tab A/Table of Contents and Introduction, Tab B/Executive-Level Summary and Corporate Qualifications, Tab C/Contractual Documents and Tab D/Exceptions	1	Not-to-Exceed (NTE) 7
I	Section 2 – Personnel Qualifications	1	2 Pages per Resume
I	Section 3 – Past Performance	1	NTE 2 Pages per Reference
I	Section 4 – Technical/Managerial Approach	1	NTE 20
II	Price	1	No Page Limit

3. PROPOSAL CONTENT

3.1 Volume I

3.1.1 Section 1/Tab A – *Table of Contents* for easy reference and *Introduction*

3.1.2 Section 1/Tab B – *Executive-Level Summary*. Provide a letter formally transmitting the proposal. Identify the name, address, e-mail address, telephone and facsimile transmission number of the person(s) who has the contractual authority and can be contacted concerning any questions about this proposal. Also, include the following as attachments to the letter:

(a) A document containing the following:

- Name, address, telephone number, facsimile number, e-mail address, and cage code of the offeror and of any corporate affiliate at which work is to be performed.
- The offeror's corporate experience, as well as that for all proposed subcontractors or team members, in performing tasks similar to those identified in the SOW.
- Statement that the proposal is valid for 180 calendar days from the date established for receipt of proposal.

3.1.3 Section 1/Tab C – *Contractual Documents, SF 1449, RFP*. This tab shall contain a completed and signed copy of the SF 1449 and a signed copy of each solicitation amendment, if any. An official authorized to bind the company shall sign the SF 1449 and all certifications requiring original signature. An acrobat file, ".pdf", shall be created/maintained to capture the signatures for submission.

3.1.4 Section 1/Tab D – Exceptions/Alternatives *(Terms and Conditions)*

(a) Prospective contractors are cautioned that taking exception to any Terms and Conditions of the RFP will be at their own risk. The Government may, at its option, reject a proposal which contains any such exceptions.
(b) Nonetheless, any exception taken by the offeror, at its own risk, shall be identified in this Tab. The offeror shall clearly identify the paragraph and term or condition to which the exception is being made and include appropriate rationale for any such exception.
(c) Suggested, optional wording changes *(to include clarifications and addenda)* to any terms and conditions of the RFP shall be identified in this part also. The Government, at its option, may accept or reject any such changes. If accepted, it may be necessary to amend the RFP and discuss the changes with other offerors.
(d) If no exceptions are taken, the offeror shall include the following statement in this part of the proposal: *"[Name of Offeror] takes no exception to any terms or conditions of Solicitation No. DJA-17-AHDQ-R-0035.*

3.1.5 Section 2 – *Personnel Qualifications.* The prospective contractor shall demonstrate the experience and qualifications of personnel to perform services within this SOW. Resumes, which shall indicate the proposed job category to be performed, are required for **ALL** personnel *(non-optional and optional)* and are limited to two (2) pages each. The resume(s) should not just identify where the person has worked; rather they should also describe the type of work performed and indicate the advancements, education, personal accomplishments, and qualifications relevant to the position for which the applicant is proposed. Each resume shall contain the following information:

(a) **Company:** Current company affiliation and location
(b) **Education:** Degree(s), School, Location of School, Major, and Year of Graduation
(c) **Job Title:** Current and Planned Job Title
(d) **Professional Experience/Qualifications:** Brief summary of experience and training
(e) **Certifications/Accreditations:** List certifications/accreditations
(f) **Security Clearance:** Current security clearance *(if applicable)*

Prospective contractors must also submit, together with their proposal, resume(s) and letter(s) of commitment/letters of intent for the [new] personnel selected to work on this contract. The letter(s) of commitment/letter(s) of intent for the personnel shall convincingly demonstrate their availability and commitment to the contract for a minimum of twelve (12) months. For those individuals not currently employed by the proposing organization, letters of intent shall be provided that convincingly demonstrate their availability and willingness to accept the position and remain committed to the contract for a minimum of twelve (12) months. All of the letters shall specify the percentage of time the personnel will dedicate to the contract.

3.1.6 Section 3 – *Past Performance.* The prospective contractor shall provide 3-5 references for its Federal Government and/or commercial customers that demonstrate recent and relevant past performance. Recent is defined as within the last three (3) years. Relevant is defined as work similar in complexity, size/magnitude, and type of the work described in the SOW. Where the offeror's proposal represents a teaming relationship with another company that will be performing a significant portion of the total effort, the Government will consider the past performance of both the prime contractor and the teaming partner. A significant portion of the total effort is defined as supplying 35% or more of the proposed work to be performed. If a teaming partner's past performance is proposed, the offeror's description of the past performance relevance should clearly demonstrate why that teaming partners' past performance should be considered of similar importance as the prime's past performance. Prospective contractors shall submit written consent from its proposed teaming partners to allow the Government to discuss the teaming partners' past performance evaluation with the offerors. Proposed teaming partners will not be given a separate past performance rating.

3.1.6.1 Prospective contractors shall instruct their selected references to complete the "Past and Present Performance Questionnaire" *(Attachment 1)* and include in Section 3 of Volume I.

3.1.6.2 Prospective contractors shall submit 3-5 references demonstrating recent and relevant past performance for the services described in the SOW with the Federal Government and commercial customers. Such corporate past performance can include subcontractors and teaming partners.

3.1.6.3 The prospective contractor shall provide a detailed summary *(2-page or less)* of the work performed for each past performance reference submitted, to include offeror's rationale as to the relevance of the past performance to the prospective work to be performed under this solicitation. Where possible, ATF intends to interview each reference provided to verify project scope, dollar value and obtain additional past performance information. The Solicitation Number is already identified on the past performance surveys.

3.1.6.4 Prospective contractors shall include the below in its summary and detail in each past performance reference whether or not their solution is currently deployed in a production environment.

(a) Contract/Order number
(b) Title of Program/Project
(c) Organization Name (Government/Commercial Activity), Address
(d) Technical and Contractual Points-of-Contact, Telephone number and Email Address
(e) Scope

(f) Contract Type
(g) Period of Performance (dates)
(h) Awarded Dollar Value
(i) Final, or Projected Final, Dollar Value
(j) Original Delivery Schedule
(k) Final, or Projected Final, original Delivery Schedule
(l) Organizational name *(Government/Commercial Activity)*, Address, Telephone and Fax numbers, and e-mail address for the technical and contractual points of contact

3.1.6.5 The Government may also consider information obtained through other sources. Past performance information will be utilized to determine the quality of the offeror's past and present performance as it relates to the probability of success of the required effort. In this section the offeror will include demonstrated and relevant corporate experience, including subcontractors and teaming partners, in performing projects requiring the type of services solicited.

3.1.7 Section 4 – *Technical/Managerial Approach.* The prospective contractor shall demonstrate its complete understanding of ATF's tasks by fully describing its proposed approach to perform each of the tasks specified in the SOW, including methods used and scheduling of time. The prospective contractor shall identify any technical barriers that it would conceivably encounter in pursuing the required work and provide specific solutions. The offeror must:

(a) Demonstrate its complete understanding of ATF's background, objectives, scope, tasks and deliverables by fully describing its proposed detailed technical solution and management/development approach to perform each task/deliverable specified in the SOW. The offerors shall clearly define the steps involved for executing the proposed solution including ensuring that it does not restrict or limit the Government's ability to replace, upgrade, enhance, or transition operations to the Government/other personnel and any assumptions.

(b) Submit a Transition-In Plan (TIP).

1. TIP
   i. Conduct a "disruption-free" transition with the current contractor.

   ii. Provide and manage a detailed TIP to ensure that the new contract is replaced in a thorough and orderly manner within 15-calendar days or less.

   iii. Assign an experienced Transition Project Manager(s) to manage all aspects of the TIP and TQP to transfer knowledge, tools, documentation, equipment, processes and methodology from the current contractors to the new contractor and their team.

   iv. The contractor's TIP shall include:

      a. A detailed work break-down structure.
      b. A list of all major milestones and deliverables.
      c. Processes and standards used to ensure meeting the objective of the SOW during the transition.
      d. A list of all required items from ATF.
      e. Governance methods, to include regular reporting to ATF.

(c) Identify any technical risks and risk mitigation strategies that the company would conceivably encounter in pursing the required work.

(d) Submit a management plan for how the company intends to accomplish, administer, and manage the tasks and deliverables in the SOW.

(e) Explain in the management plan to what extent subcontractors and team members will be involved in the performance of the proposed objectives and how the prospective contractor will manage the subcontractor's and team members' participation, if proposing subcontractors and/or teaming arrangements.

(f) Identify its turnover rate for fiscal years 2014, 2015, and 2016. Turnover rates shall be calculated using Bureau of Labor Statistics definition, which is 'the number of total separations during the month divided by the number of employees who worked during or received pay for the pay period that includes the 12th of the month *(monthly turnover)*; the number of total separations for the year divided by average monthly employment for the year *(annual turnover)*."

(g) Address its employee retention program, including, but not limited to training programs, salary and benefits plans.

(h) Describe the transition methods, budget management, issues, resolutions, and communication plans.

The prospective contractor is cautioned that any information submitted for subcontractors or team members will only be evaluated if a firm commitment with the firm or individual is demonstrated by signed letters of intent, subcontracts, or teaming agreements.

3.2 Volume II – Price

3.2.1 General. The prospective contractor shall ensure that all information is presented in an organized fashion to allow ATF to understand the cost of the work to be performed. The contract resulting from this solicitation shall be Firm-Fixed Price (FFP) with Cost-Reimbursement for the Other Direct Costs/Travel CLIN. In order to assess price reasonableness and amount, the contractor shall present the information *via* email using the Microsoft Excel 'Pricing Template' *(Attachment 2)* that's provided.

3.2.1.2 The services/labor category mix are listed on the SOW and the Pricing Template. If substitutions are proposed, offerors shall map all to the RFP labor category positions. **Should offerors propose an alternate labor category mix, include a sound justification/rationale. ATF reserves the right to reject such alternate proposal.**

Prospective contractors shall submit pricing in accordance with (IAW) the Contract Line Item Number (CLIN) structure in Section 2 and Pricing Template, non-optional and optional services. The offeror shall be responsible for fully pricing out its solution, ensuring that all requirements in the SOW are considered. The offeror shall provide a basis of estimate that explains the level of effort used to calculate the prices. The price proposal must contain sufficient information to allow the CS/CO to perform an analysis of the proposed price of the work. The offeror must include sufficient detail and any support material necessary to determine price reasonableness *(i.e.: labor category/rates/hours)*.

The Government anticipates 1[6.5] contractor [personnel (16] FTEs [and 1 Part-Time] for the life of the contract per Section 3.1 of the SOW.

*****There shall only be 2 decimal places for all rates to avoid rounding discrepancies.**

4. COMMUNICATIONS

4.1. The solicitation, amendments, notices and other information will be sent *via* email and either FedBid or the Federal Business Opportunities *(FBO/FedBizOpps)* website.

4.2 Offerors are advised to monitor their email in order to obtain information in a timely manner.

4.3 All questions pertaining to this solicitation shall be addressed to the CS, Sheray Millhouse, *via* e-mail (Sheray.Millhouse@ATF.gov). **In order to issue pertinent and timely solicitation amendments, questions must be received by 5:00pm Eastern Standard Time, [Wednesday, 7/5/17].**

4.4 The CS will notify offerors whose proposals are no longer being considered for award or not selected for award. Such notification will state in general terms the basis of non-selection. Pursuant to FAR 15.505 or 15.506, unsuccessful company may request a brief explanation of the basis for the award decision.

5. CONFLICT OF INTEREST

Any prospective contractor *(or member of its team and subcontractor)* having a conflict of interest as defined under FAR Part 9.5 must identify the conflict as soon as it is known and provide a recommended mitigation plan. Mitigation plans are required whenever a competing contractor has had unequal access to non-public information regarding this requirement and competition or has assisted the Government in defining the requirements or evaluation criteria.
