PERFORMANCE WORK STATEMENT (PWS)
FOR
Non-Clinical Case Management Services

1.0 General:

1.1 Scope: The contractor shall provide all personnel, equipment, tools, materials, supervision, and quality control necessary, except as specified in Paragraph 3.0 as Government Furnished, to perform Non-Clinical Case Management Services**,** as defined in this PWS, to the Vermont Army National Guard (VTARNG).

1.1.1 Objectives: The VTARNG Office of the Deputy State Surgeon has a requirement to provide Non-Clinical Case Management Services for VTARNG service members (SM) thereby promoting fitness and personal wellness for operational readiness and deployability. Non-Clinical case Managers coordinate all aspects of the care of individual patients. They ensure proper utilization of services and resources and provide assistance within, between, and outside of VTARNG facilities.

1.2 Background: The Department of Defense (DoD) TRICARE Management Activity (TMA) values all staff involved in the delivery of high-quality care to service members. In 2009, a Medical Management Guide was issued by the Office of the Assistant Secretary of Defense for Health Affairs (ASD [HA]) and TMA, Office of the Chief Medical Officer (OCMO), Population Health and Medical Management Division (PHMMD). The Guide covers the components of a Medical Management (MM) program, including applicable principles, implementation concepts, processes, and tools/databases for Utilization Management, Case Management, and Disease Management. It complements the 2001 DoD Population Health Improvement Plan and Guide published by TMA and the Government Printing Office http://www.tricare.mil/ocmo/download/mhs_phi_guide.pdf. Under legislative mandates, the ASD [HA] submitted an annual report to Congress regarding healthcare delivery for Military Health System (MHS) beneficiaries.

The 2009 report documented the MHS goal to providing high-quality care, improving performance through clinical and process outcomes, and increasing patients' confidence in the care they receive. The Guide describes crucial components of Medical Management within the MHS, including the link between MM and population health and the dynamics between Utilization Management, Case Management and Disease Management in helping reduce unnecessary or inappropriate services and/or duplication of services. In the military setting, Case Management targets Active Duty Service Members and beneficiaries with complex, multi-system healthcare needs who require care coordination or case management services.

Originally, Case Management almost exclusively targeted in-patients with catastrophic illnesses or injuries. However, a number of developments have served to change that strategy, notably: The emergence of the National Committee for Quality Assurance (NCQA): http://www.ncqa.orgorg/ and the development of accreditation standards by the Utilization Review Accreditation Commission (URAC): http://www.urac.org. While Case Management continues to focus on catastrophic illness or injury, Case Management practices are also intensely directed at addressing chronic conditions that are more prevalent in the general patient population. Case managers can affect patient outcomes through proactive interventions across multiple healthcare settings. Additionally, case managers are expected to engage community resources and facilitate ongoing and consistent patient education. The MHS has three primary goals for Case Management: Improve the care, management, and transition of recovering Service members; broaden the application of CM to include those with complex and at-risk needs before the Soldier requires complex care; and evaluate the impact of case management on the quality of military health care.

1.3 Period of Performance (PoP): The Period of Performance shall be:

Base Period	12 JUL 2026 – 11 JUL 2027
Option Year 1	12 JUL 2028 – 11 JUL 2029

Option Year 2	12 JUL 2029 – 11 JUL 2030
Option Year 3	12 JUL 2030 – 11 JUL 2031
Option Year 4	12 JUL 2031 – 11 JUL 2022

1.4 General Information:

1.4.1 Place and Performance of Services: The contractor shall provide services between the hours of 0730-1630 on Monday through Friday. Performance shall be at VTARNG State Medical Detachment, Green Mountain Armory, Camp Johnson, Colchester, VT 05446. The contractor is required to support weekend soldier readiness events. The contractor shall at all times maintain an adequate work force for the uninterrupted performance of all tasks defined within this PWS when the Government facility/installation is not closed for the above reasons. When hiring personnel, the contractor shall keep in mind that the stability and continuity of the work force are essential. Teleworking is authorized.

1.4.1.1 Telework: The Government will permit the contractor to telework in support of this requirement. In furtherance of Continuity of Operations Planning (COOP), a telework program may be enacted to ensure that the Government's mission-critical operations stay operational during times of national emergency or incidents of national significance. Telework shall be at no additional cost to the Government.

1.4.1.2 Unscheduled gate closures by the Security Police may occur at any time causing all personnel entering or exiting a closed installation to experience a delay. This cannot be predicted or prevented. Contractors are not compensated for unexpected closures or delays. Vehicles operated by contractor personnel are subject to search pursuant to applicable regulations. Any moving violation of any applicable motor vehicle regulation may result in the termination of the contractor employee's installation driving privileges.

1.4.1.3 The contractor's employees shall become familiar with and obey the regulations of the installation; including fire, traffic, safety and security regulations while on the installation. Contractor employees should only enter restricted areas when required to do so and only upon prior approval. All contractor employees shall carry proper identification with them at all times, and shall be subject to such checks as may be deemed necessary. The contractor shall ensure compliance with all regulations and orders of the installation, which may affect performance. The Government reserves the right to direct the removal of an employee from Government property or revoke access to Government systems for misconduct, security reasons, or any overt evidence of communicable disease. Removal of contractor employees for reasons stated above does not relieve the Contractor from responsibility for total performance of this contract.

1.4.2 Recognized Holidays: The following are recognized United States (US) holidays. The contractor shall not perform services on these days:

1.4.3.1 New Year's Day: January 1st
1.4.3.2 Martin Luther King, Jr.'s Birthday
1.4.3.3 President's Day
1.4.3.4 Memorial Day
1.4.3.5 Juneteenth
1.4.3.6 Independence Day: July 4th
1.4.3.7 Labor Day
1.4.3.8 Columbus Day
1.4.3.9 Veteran's Day: November 11th
1.4.3.10 Thanksgiving Day
1.4.3.11 Christmas Day: December 25th

1.4.3 Quality Control (QC): The contractor shall develop and maintain an effective QC Plan (QCP) to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's QCP is the means by which it assures itself that its work complies with the requirements of the contract. As a minimum, the contractor shall develop QC procedures that address the areas identified in Technical

DRAFT

Exhibit 1, Performance Requirements Summary (PRS). A final QCP shall be submitted to the Contracting Officer Representative (COR) NLT 10 days after contract award. After acceptance of the QCP, the contractor shall obtain the Contracting Officer's (KO's) acceptance in writing of any proposed changes to its QCP.

1.4.4 Quality Assurance (QA): The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government will do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and acceptable quality level(s) or defect rate(s).

1.4.5 Installation Access and Security Requirements. The contractor shall comply with all applicable installation/facility access and local security policies and procedures, which may be obtained from the COR. The contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, or Security Office. The contractor shall ensure compliance with all personal identity verification requirements as directed by Department of Defense (DoD), Headquarters Department of Army (HQDA) and/or local policy (see PWS 6.0). Should the Force Protection Condition (FPCON) change, the Government may require changes in contractor security matters or processes.

1.4.5.1 For contractors requiring Common Access Card (CAC): The CAC is the DoD Federal Personal Identity Verification (PIV) credential. Before CAC issuance, the contractor employee requires, at a minimum, a favorably adjudicated Tier 1 or an equivalent or higher investigation in accordance with Army Directive 2014-05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) physical access to multiple DoD facilities or multiple non DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled Tier 1 investigation at the Office of Personnel Management.

Sponsorship and enrollment information about each applicant must be registered in the Defense Enrollment Eligibility Reporting System (DEERS) through either the Real-Time Automated Personnel ID System (RAPIDS) using the DD Form 1172-2 or the Trusted Associate Sponsorship System (TASS).

1.4.5.1.1 Homeland Security Presidential Directive (HSPD)-12 Background Investigation Requirements: The contractor shall ensure that all contractor and subcontractor personnel whose duties require CAC card issuance obtain them, and shall process all CAC card applications. The contractor shall ensure that all employees requiring an initial background investigation complete a Personnel Security Investigation Portal (PSIP) form at Attachment, TBD, at the earliest possible date and that this form is forwarded to the COR immediately. The COR will review the form for completeness and accuracy and forward it to the National Guard Bureau (NGB) Personnel Security manager who will initiate the investigation process via the PSIP. Contractor personnel will then receive two e-mail messages; the first will confirm that the investigative service provider has received the request, and the second will provide instructions for the completion of the appropriate form via the Electronic Questionnaires for Investigations Processing (e-QIP) system. Upon completion of the e-QIP questionnaire and submittal of all required documents, including fingerprint card to the security manager, the background investigation (BI) will be initiated. The contractor shall ensure immediate compliance with all instructions regarding background investigation processing, including those provided verbally, by e-mail or via a Government system. The contractor is cautioned that the entire process from submittal of the PSIP form to return of the FBI fingerprint check may routinely take from two to six weeks and shall factor this lead time into its hiring/placement process. The contractor shall make all reasonable efforts to ensure that contractor employees meet CAC eligibility standards upon assignment to the contract and shall be held responsible for delays, failure to meet performance requirements or decreases in efficiency in accordance with the applicable inspection clause.

1.4.5.1.2 Trusted Associate Sponsorship System (TASS): The contractor shall process CAC applications through the TASS, the procedures for which are described below. Although there is no requirement for the contractor to designate a “Corporate Facility Security Officer" (FSO) to serve as its single point of contact for the BI, the TASS application process and other CAC and security-related matters, such designation facilitates these processes. If a Corporate FSO is not established, all contractor employees requiring a CAC will be required to process their own applications. The submission process for CAC applications is as follows:

1. The contractor's FSO or contractor employee shall submit requests for a CAC via email to the designated TASS Trusted Agent (TA). The TASS TA for this requirement will be: TBD.

2. The Government will establish a TASS application account for each CAC Request and will provide each contractor employee a user ID and password, via email, to the contractor’s FSO or contractor employee. The FSO or contractor employee shall access the TASS account and complete the CAC application (entering/editing contractor information as applicable) at: https://tass.dmdc.osd.mil/tass/. The contractor’s FSO or contractor employee shall follow up to ensure that the TA is processing the request.

3. The Government will inform the contractor's applicant, via email, of one of the following:

a. Approval.* Upon approval, the information is transferred to the DEERS database and an email notification is sent to the contractor with instructions on obtaining their CAC. The contractor proceeds to a RAPIDS station (RAPIDS Site Locator: http://www.dmdc.osd.mil/rsl/).

b. Rejection.* The Government, in separate correspondence, will provide reason(s) for rejection.

c. Return. Additional information or correction to the application required by the contractor employee.

*The contractor shall maintain records of all approved and rejected applications.

1.4.5.1.3 At the RAPIDS station, the RAPIDS Verification Officer will verify the contractor employee by Social Security Number (SSN) and two forms of identification. Identity source documents must come from the list of acceptable documents included in Form I-9, OMB No. 1615-0047, "Employment Eligibility Verification". Consistent with applicable law, at least one document from the Form I-9 list shall be a valid (unexpired) State or Federal Government-issued picture ID. The Identity documents will be inspected for authenticity and scanned and stored in the DEERS upon issuance of an ID. The photo ID requirement cannot be waived, consistent with applicable statutory requirements. The Verification Officer will capture primary and alternate fingerprints, picture, and updates to DEERS, and will then issue a CAC. Issued CACs will be valid for no longer than three years, or until the individual's contract end date (inclusive of any options), whichever is earlier.

1.4.5.1.4 The contractor shall manage requests for new or renewal CAC cards in sufficient time to ensure that all contractor employees have them when needed to perform work under this contract. The contractor shall provide at least 10 calendar days advance notice to the TA, unless there are extenuating circumstances approved by the COR or KO.

1.4.5.1.5 The contractor shall return issued CACs to the DEERS office upon departure or dismissal of each contractor employee, and shall obtain a receipt for each card and provide it to the TA/COR.

1.4.5.1.5.1 Failure to comply with these requirements may result in withholding of final payment.

1.4.5.1.6 The contractor shall obtain an Army Knowledge Online (AKO) email address for each applicant, including subcontractors, who may be deployed or require logical access to a Government computer network. Note: If employees of a contractor lose the privilege to access AKO, they lose the ability to renew their CAC. Therefore, it is critical that contractor employees maintain their AKO accounts.

1.4.5.3 Awareness Training (AT) Level 1: All contractor employees, including subcontractor employees, requiring access to Army installations, facilities, and controlled access areas shall complete AT Level 1 training within 30 calendar days after contract start date and within 30 calendar days of new employees commencing performance. The contractor shall submit certificates of completion for each affected contractor and subcontractor employee to the COR within 15 calendar days after completion of training by each employee or subcontractor personnel. AT Level 1 awareness training is available at the following website: https://jko.jten.mil/courses/atl1/launch.html.

1.4.5.4 iWATCH Training: The contractor and all associated subcontractors with an area of performance within an Army-controlled installation, facilities or area shall brief all employees on the local iWATCH program (training standards provided by the requiring activity Antiterrorism Officer (ATO)). This local developed training shall be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR or the KO. This training shall be completed within 30 calendar days of contract award and within 30 calendar days of new employees commencing performance. The contractor shall report completion for each contractor employee and subcontractor employee to the COR within 15 calendar days after completion of training.

1.4.5.5 Communications Security/Information Technology (COMSEC/IT) Security. All communications with DoD organizations are subject to COMSEC review. All telephone communications networks are continually subject to intercept by unfriendly intelligence organizations. DoD has authorized the military departments to conduct COMSEC monitoring and recording of telephone calls originating from, or terminating at, DoD organizations. Therefore, the contractor is advised that any time contractor personnel place or receive a call they are subject to COMSEC procedures. The contractor shall ensure wide and frequent dissemination of the above information to all employees dealing with DoD information. The contractor shall abide by all Government regulations concerning the authorized use of the Government's computer network, including the restriction against using the network to recruit Government personnel or advertise job openings.

1.4.5.6 Use of Government Information Systems (IS) and access to Government networks is a revocable privilege, not a right. Users are the foundation of the DoD strategy and their actions affect the most vulnerable portion of the Army Enterprise Infostructure (AEI). Contractor employees shall have a favorable background investigation or hold a security clearance and access approvals commensurate with the level of information processed or available on the system. Contractor employees shall:

1.4.5.6.1 Comply with the command's Acceptable Use Policy (AUP) for Government owned IS and sign an AUP prior to or upon account activation.

1.4.5.6.2 Complete initial and/or annual Information Assurance (IA) training as defined in the IA Best Business Practices (BBP) training (https://atc.us.army.mil/iastar/docs/Training_BBP.pdf).

1.4.5.6.3 Mark and safeguard files, output products, and storage media per classification level and disseminate them only to individuals authorized to receive them with a valid need to know.

1.4.5.6.4 Protect IS and IS peripherals located in their respective areas in accordance with physical security and data protection requirements.

1.4.5.6.5 Practice safe network and Internet operating principles and take no actions that threaten the integrity of the system or network.

1.4.5.7 Army Training Certification Tracking System (ATCTS): All contractor employees with access to a Government information system shall be registered in ATCTS (https://atc.us.army.mil/iastar/index.php) at commencement of services, and shall successfully complete the DoD Information Assurance awareness training prior to access to the IS and then annually thereafter. (https://iatraining.us.army.mil/).

1.4.5.8 Information Assurance (IA) Training. All contractor employees and associated subcontractor employees shall complete the DoD IA Awareness Training before issuance of network access and annually thereafter.

1.4.5.9 Reserved.

1.4.5.10 Protection of Personally Identifiable Information (PII). The contractor shall protect all PII encountered in the performance of services in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 224.103 Personally Identifiable Information and Department of Defense Directive (DoDD) 5400.11, Department of Defense Privacy Program, and DoD 5400.11-R. If a PII breach results from the contractor's violation of the aforementioned policies, the contractor shall bear all notification costs, call-center support costs, and credit monitoring service costs for all individuals whose PII has been compromised.

1.4.5.11 OPSEC Training: In accordance with AR 530-1, Operations Security, new contractor employees shall complete Level I OPSEC training within 30 calendar days of their reporting for duty and annually thereafter. The contractor shall submit certificates of completion for each contractor employee to the COR within 15 calendar days after completion of training. Level 1 OPSEC training is available at https://securityawareness.usalearning.gov/opsec/index.htm.

1.4.5.12 OPSEC SOP/Plan. The contractor shall develop an OPSEC Standard Operating Procedure (SOP)/Plan and provide it to the COR within 90 calendar days of contract award to be reviewed and approved by the responsible Government OPSEC officer, per AR 530-1, Operations Security. This SOP/Plan shall include a process to identify the Government's critical information, why it needs to be protected, where it is located, who is responsible for it, and how to protect it. The contractor shall implement OPSEC measures as required by the Government. In addition, the contractor shall identify an individual who will be an OPSEC Coordinator. The contractor shall ensure this individual becomes OPSEC Level II certified within 90 days of appointment as OPSEC coordinator in accordance with AR 530-1. Contractor shall provide a copy of the certification to the COR NLT 15 days after completion.

1.4.5.13 Reserved.

1.4.5.14 Reserved.

1.4.6 Physical Security. The contractor shall safeguard all Government property provided for contractor use. At the close of each work period, Government facilities, equipment and materials shall be secured.

1.4.6.1 Key Control. NOTE: All references to keys include key cards. The contractor shall establish and implement methods of ensuring that no keys/key cards issued by the Government are lost or misplaced or are used by unauthorized persons. No keys issued by the Government shall be duplicated. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The contractor shall include procedures covering key control in the QCP.

1.4.6.1.1 The contractor shall immediately report any occurrences of lost or duplicated keys/key cards to the COR.

1.4.6.1.2 In the event keys, other than master keys, are lost or duplicated, the contractor shall, upon direction by the KO, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the Government replaces or re-keys the locks, the Government will deduct the total cost of lock replacement or re-keying from the monthly payment due the contractor. In the event a master key is lost or duplicated, the Government will replace all locks and keys for that system, and will deduct the total cost from the monthly payment due the contractor.

1.4.6.1.3 The contactor shall prohibit the use of the Government issued keys/key cards by any persons other than the contractor's employees. The contractor shall prohibit the opening of locked areas by

contractor employees to permit entrance of persons other than contactor employees engaged in the performance of services in those areas, or personnel authorized entrance by the KO.

1.4.6.2 Lock Combinations: The contractor shall establish and implement methods of ensuring that no lock combinations are revealed to unauthorized persons. The contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the contractor's QCP.

1.4.7 Special Qualifications: Non-Clinical Nurse Case Manager(s): Shall be a Registered Nurse (RN) with an active state license in good standing in the state of Vermont.

1.4.8 Post Award Conference/Periodic Progress Meetings: The contractor agrees to attend any post award conference (electronic or by telephone) convened by the KO in accordance with FAR Subpart 42.5. The KO, COR and other Government personnel, as appropriate, may meet periodically with the contractor to review the contactor's performance. At these meetings, the KO will apprise the contractor of how the Government views the contractor's performance and the contractor shall apprise the Government of problems, if any, being experienced. The contractor shall resolve outstanding issues raised by the Government. Contractor attendance at these meetings shall be at no additional cost to the Government.

1.4.9 Key Personnel:

1.4.9.1 The following personnel are considered Key Personnel by the government:

1.4.9.1.1 Contract Manager (CM): The contactor shall designate a CM who shall ensure performance under this contract. The name of this person, and an alternate who shall act for the contractor when the CM is absent, shall be designated in writing to the KO. The CM or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The CM shall communicate with the government through the COR to resolve issues, receive technical instructions, and ensure adequate performance of services. The CM shall ensure that contractor employees do not perform any services outside the scope of the contract without an official modification issued by the KO. The CM shall ensure contractor employees understand that services performed outside the scope of the contract are performed wholly at the expense of the contractor.

1.4.9.1.2 Lead Non-Clinical Case Manager. Contractor shall provide a Lead Non-Clinical Nurse Case Manager with the following credentials: Shall be a Registered Nurse (RN), with an active state license in good standing in the state of Vermont.

1.4.10 Identification of Contractor Employees: All contractor personnel attending meetings, answering Government telephones and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression that they are Government employees. The contractor shall ensure that all documents or reports produced by contractor personnel are suitably marked as contractor products or that contractor participation is appropriately disclosed. The contractor's status as a "contractor" shall be predominantly displayed in all correspondence types (to include signature blocks on e-mail) and dealings with Government or non-Government entities. Contractor personnel shall wear identification badges distinguishing themselves as such. The badges shall have the company name, employee name and the word "contractor" displayed.

1.4.10.1 The contractor shall retrieve all identification media (including vehicle passes) from its employees who depart employment for any reason. The contractor shall return all identification media (i.e., badges and vehicles passes) to the KO within 14 days of an employee's departure.

1.4.11. Combating Trafficking in Persons: The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not engage in severe forms of trafficking in persons during the period of performance of the contract; procure commercial sex acts during the period of performance of the contract; or use forced labor in the performance of the contract. The Contractor shall notify its employees of the United States Government's zero tolerance

policy, the actions that will be taken against employees for violations of this policy. The contractor shall take appropriate action, up to and including termination, against employees or subcontractors that violate the US Government policy as described at FAR 22.17.

1.4.12 Reserved

1.4.13 Reserved

1.4.14 Organizational Conflicts of Interest (OCI): The contractor and subcontractor personnel performing services under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCIs, as defined in FAR Subpart 9.5. The contractor shall notify the KO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The contractor's mitigation plan will be determined to be acceptable solely at the discretion of the KO. In the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may impose other remedies as he or she deems necessary, including prohibiting the contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.4.15 Reserved

2.0 Definitions and Acronyms:

2.1 Definitions:

2.1.1 Contractor: A supplier or vendor awarded a contract to provide specific supplies or services to the government. The term used in this contract refers to the prime.

2.1.2 Defective Service: A service output that does not meet the standard of performance associated with the PWS.

2.1.3 Deliverable: Anything that can be physically delivered and includes non-manufactured things such as meeting minutes or reports.

2.1.4 Key Personnel: Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.5 Physical Security: Actions that prevent the loss or damage of Government property.

2.1.6 Quality Assurance: The government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

2.1.7 Quality Assurance Surveillance Plan (QASP): An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.1.8 Quality Control: All necessary measures taken by the Contractor to ensure that the quality of an end product or service shall meet contract requirements.

2.1.9 Subcontractor: One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

DRAFT

3.0 Government Furnished Property, Material, Equipment and Services (GFP/M/E/S): The Government will provide the property, material, equipment, and/or services listed below solely for the purpose of performance under this contract:

3.1 Property: The Government will furnish the necessary workspace for the contractor to perform services outlined in this PWS to include desk space, telephones, computers and other items necessary to maintain an office environment.

3.2 Materials: none

3.3 Equipment: none

3.4 Services: The Government will provide training in the Medical Electronic Data Care History and Readiness Tracking (MEDCHART) system, including eCase case management, to the Case Manager and Case Management Support Staff.

3.5 Utilities: All utilities in the facility will be available for the contactor's use in the performance of this contract. The contractor shall instruct employees in utilities conservation practices. The contractor shall operate under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount.

4.0 Contractor Furnished Property, Materials, and Equipment (CFP/M/E):

4.1 General: Except for those items specifically stated to be Government-Furnished in Paragraph 3.0, the contractor shall furnish everything required to perform these services as indicated in Paragraph 1.1.

4.2 Reserved.

5.0 Requirements: The contractor shall:

5.1 Schedule contractor support for and attend scheduled PHA and SRC/SRPs events. Provide case management services in support of surge and contingency requirements as well as its steady-state mission.

5.2 Establish and maintain an eCase profile for soldiers referred by a provider. eCase profiles are established no later one workday after provider referral.

5.3 Provide a monthly report consisting of all cases and the status of each case regarding Soldiers' care from the identification of the condition to when the Soldier is either: 1) Considered medically ready or 2) Administratively separated from the military. Report to be submitted no later than the seventh calendar day of the following month.

5.4 Follow the regulations and policies applicable to Individual Medical Readiness (IMR) and deployment, to include AR 40-35, AR 40-66, AR 40-501, AR 40-502 and other applicable guidance. Obtain release of information from Soldier's if they have been flagged by providers during PHA or CCIR.

5.5 Maintain Health Insurance Portability and Accountability Act of 1996 (HIPAA) standards and guidelines.

5.6 Provide all medical and administrative charting in eCase, Dental Classification (DENCLASS) Module, Medical Data Protection System (MEDPROS), eProfile, Medical Health Assessment/Periodic Health Assessment (MHA/PHA), Medical Electronic Data Care History and Readiness Tracking (MEDCHART), Automated Voucher System (AVS), Armed Forces Health Longitudinal Technology (AHLTA), Medical

DRAFT

Operational Data System (MODS), and MedPros Web Data Entry (MWDE). Charting shall be completed no later than three business days after receipt of information.

5.7 Prepares soldier records for and attends MEB/PEB boards. Reviews and reconciles hardcopy and electronic case information for file completeness. Provides eCase information updates to board members on assigned soldier cases. Record reconciliations and file preparation completed one workday prior to scheduled board.

5.8 Communicate with delegated government personnel to track compliance versus noncompliance during monthly case reviews.

5.9 Communicates, verbal and in writing, to confirm the Soldier understands their medical documentation submission responsibilities, attendance and communication requirements related to their medical case. Obtains a release of information form to request information and records from their PCP. Provide information to Soldiers about their privacy rights, how their information can be used and have Soldier(s) sign consent form(s).

5.10 Updates and validates records and systems information to ensure Soldiers with MRC3 and DRC3 profiles are entered into the eCase module. Provides a monthly report that shows the number of profiles initiated, extended, and closed. Report due the seventh calendar day of the following month.

5.11 Request profile exams/evaluations and audiology exams at physical exam center. Requests made within three business days of initial examination.

5.12 Coordinate Soldier treatment plans with appropriate medical facilities.

5.13 Maintain automated referrals indicated in MEDCHART and provide monthly reports on cases adjudicated.

5.14 Submit case processing, medical documentation, and profile concerns to military/contracted provider.

5.15 Educate Soldiers on resources available to improve medical and dental readiness.

5.16 Communicate with soldier's unit of assignment to provide to information on when soldier's medical appointments are scheduled. Track medical appointment status with unit personnel to ensure Soldier attendance and submission of follow up documentation.

5.17 Ensure all medical documentation received from the Soldier and/or their medical team is received, scanned, and filed and placed in appropriated electronic record, MEDCHART, in addition to the Soldier's hard copy record.

5.18 Maintain Soldier medical records in accordance with Army Regulation (AR) 40-66 Medical Record Administration and Healthcare Documentation.

5.19 Provide Records Custodian or delegate with all relevant medical/dental documentation.

5.20 Upload medical documents of case managed Soldiers into Health Readiness Record (HRR).

5.21 Stamp all medical documents for verification after uploading.

5.22 Log all medical documents received for case management and forward documents to Records Custodian within 3 business days. No more than 10 late document submissions per month; instances of missing / late documentation corrected within one workday of discovery

5.23 Lead Case Management Services

DRAFT

5.23.1 Provide liaison services and coordinate with the lead medical provider on the most difficult case files. Coordination to occur on a bi-weekly basis.

5.23.2 Facilitate case management initiatives and deployment operations NLT 15 days of receipt. Coordinate with Medical Records to process medical records to and from mobilization site. Medical records ready for transfer to unit representative 72 hours prior to soldier mobilization date.

5.23.3 Review MEDCOM policy and SOP to ensure compliance to current standards. Initiate corrective actions by using the Performance Improvement Plan, SOP's, and internal guidelines or procedures.

5.23.4 Verify accuracy of MEDPROS data before Medical Readiness Events to allow for early identification of non-deployable Soldiers.

5.23.5 Conduct monthly case review with representatives of the VTARNG Commands and Health Services with support from the DSS.

5.23.6 Provide case management support to mobilizations, including MHS GENESIS records review, SRP level 1 and level 2 attendance, and support at Mobilization Station as determined by the Office of the State Surgeon. Travel may be required in order to provide case management services at the mobilization station.

5.24 Service Contract Reporting (SCR): Not applicable

TECHNICAL EXHIBIT 1
Performance Requirements Summary (PRS)

This PRS includes performance objectives the Government will use to determine contractor performance and will compare contractor performance to the Acceptable Quality Level (AQL).

Performance Objective	Performance Standard	Acceptable Quality Levels (AQL)	Surveillance Method / By Whom
Support/Attend PHA and SRP Events (5.1)	Prepare cases and attend PHAs and SRPs as determined by the needs of the state/individual units	No more than two instances of missed preparation/attendance.	COR will review/confirm attendance at every PHA/SRP
Track Soldiers' care (5.3)	Provide a monthly report consisting of cases and their status; report provided no later than the 7th calendar day of the following month.	No more than 3 reports delivered later than the 7th day of the following month; no reports delivered later than the 14th day of the following month.	Random Surveillance quarterly / COR will review & confirm data entry
eCase Medical Charting (5.6)	All encounters with service member and medical notes documented in eCase within 3 business days of contact	No more than 10 instances of undocumented contacts per month	Periodic Surveillance during Medical Readiness Reviews / COR
Profile Management in eCase (5.10)	Provide a monthly report consisting of the number of profiles initiated, extended and/or closed; report provided within 7 calendar days of the following month.	No more than 3 reports delivered later than the 7th day of the following month; no missing reports.	COR will review/confirm monthly
Medical Documents (5.22)	Log in and forward Med Docs to Records Custodian within three workdays of receipt;	No more than 10 missed instances per month	Random Surveillance; COR to review/confirm monthly
Monthly Case Review (5.23.5)	Prepare cases for and participate in monthly reviews of all open case files with Lead Case Manager/Deputy State Surgeon	No more than 5 entry errors/omission monthly. No more than two monthly case reviews missed per period of performance.	Random Sampling / COR

Deliverables Schedule

PWS Reference / Deliverable Title	Frequency	Number of Copies	Medium/Format	Submit To
1.4.1 Quality Control Plan	Provide not later than 10 days after contract award.	1	Electronic Submission	COR
1.4.5.1.1 Personnel Security Investigation Form	At earliest possible date after contract award and for new hires	1	Electronic Submission	COR
1.4.5.1.1 Electronic Questionnaires for Investigations Processing (e-QIP) form	Contractor employees submit within 1 week of receiving email with instructions.	1	Online	Online
1.4.5.1.1 Fingerprint Card	Contractor employees submit within 1 week of receiving email with instructions.	1	Hard Copy	COR
1.4.5.1.2 Request for issuance of a Common Access Card (CAC)	Within 10 business days of eligibility	1	Electronic Submission	TBD
1.4.5.1.4 CAC/Receipt for return of CAC	Upon departure or dismissal of each contractor employee	1	CAC Hard Copy	DEERS office COR
1.4.5.1 Signed Acceptable Use Policy	Prior to account activation	1	Electronic Submission or Hard Copy	COR
1.4.5.4.2 Information Assurance Training	Within first week of hire and annually thereafter	1	Online	COR
1.4.5.6 AT Level 1 Awareness Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.9 iWatch Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.10 OPSEC Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.11 OPSEC SOP/Plan	Provide within 90 calendar days of contract award.	1	Electronic Submission	COR
1.4.5.11 OPSEC Level II Certification for OPSEC Coordinator	Provide NLT 15 days after employees completed certification	1	Electronic Submission	COR
1.4.10 Identification Media	Return within 14 days of employee's departure from contract performance.	Original(s)	Hard Copy	KO
5.3 Monthly Progress Report	NLT 7th calendar day of following month	1	Electronic Submission	COR

TECHNICAL EXHIBIT 3

Estimated Workload Data

This information is for historical background only. It is not a guarantee of workload quantities.

ITEM	TYPE OF SERVICE	ANNUAL ESTIMATED VOLUME
	Service Members in Active Management based on identified medical issue(s) – Average case lasts < 180 days. 10% last > 365 days.	355 Soldiers
1	SRP Events	3 events; 300 Soldiers per event*
2	Mobilization Events at Fort Bliss, TX	2 events; 300 soldiers per event**
3	Medical Evaluation Boards	6 events; 10 Soldiers per event***
4	SRP Level 1/Level 2 Events	1 event; 300 Soldiers mobilizing

*** Personnel estimates are refined 45 days prior to scheduled events and verified 15 days prior.**

**** Mobilization readiness event will take place at Fort Bliss, Texas on a TBD basis**

***** Personnel estimates vary greatly by event, ranging from 4-15 cases per event.**
