STATEMENT OF WORK
AFFIRMATIVE CIVIL ENFORCEMENT
INVESTIGATOR/CASE DEVELOPER

1. Introduction

The mission of the United States Attorney is to conduct most of the trial work in which the United States is a party. United States Attorneys have three statutory responsibilities under 28 U.S.C. § 547: 1) prosecution of criminal cases brought by the federal government, 2) the prosecution and defense of civil cases in which the United States is a party; and 3) the collection of debts owed the Federal Government which are administratively uncollectible. Each United States Attorney Office (USAO) has a Civil Division that represents the United States in civil actions. In this regard, USAOs have the authority pursuant to the False Claims Act, 31 U.S.C. § 3729 *et seq.*, to advance Affirmative Civil Enforcement (ACE) actions on behalf of the United States to hold individuals and companies responsible for defrauding the United States. Effective ACE prosecution of fraud and the protection of public funds requires efficient, flexible, and timely use of the full range of civil remedies.

The USAO for the Eastern District of Oklahoma (EDOK) is seeking to employ a contract investigator/case developer to support its ACE program. The contract investigator/case developer will be assigned cases and matters that vary in scope and complexity, but characteristically involve schemes to defraud the United States within the jurisdiction of the USAO for the EDOK. Cases and matters may be handled independently, as lead agent, or as a team member, and frequently concern highly sensitive matters involving prominent individuals or corporations within the EDOK. This is not a new requirement. The current incumbent contractor is Ardent Technologies, Inc. The incumbent employee performing on the existing contract shall be offered employment that retains an equivalent position with service date recognition for leave, vacation, and other benefits, for the duration of the contract.

2. Task Purpose and Scope of Work

The contractor will provide an investigator/case developer to the EDOK to detect agency fraud, waste and abuse referrals and other case matters to determine whether further investigation and civil affirmative enforcement is warranted. The investigator/case developer will conduct thorough and systematic investigations relating to fraud, waste, and abuse within the jurisdiction of the EDOK. Matters will include but not limited to health care fraud, federal benefits fraud, prescription drug fraud/diversion, and misappropriation of federal funds, goods and services.

As the term is used throughout this Statement of Work (SOW), "investigator/case developer" means an individual who will review, analyze and assess allegations, anonymous/hot line tips, agency investigative referrals and complaints, *qui tam* matters, and other types of fraud or unlawful discriminatory conduct reports. As part of a team, the investigator/case developer will follow leads; identify witnesses; track, gather, and analyze documents, accounts, and records; conduct interviews; and play a significant role in developing a case, summarizing the investigative results, and working toward an appropriate resolution of the matter.

Duties:

A. Based upon the direction provided by the Assistant United States Attorney (AUSA) to whom a case is assigned, the investigator/case developer plans and conducts investigations of a highly complex and difficult nature, performs quantitative, qualitative, or other analysis of relevant facts, claims data, account information, etc. and prepares the results to support the mission of the ACE program of the EDOK. Investigations may be conducted solely by the USAO, or more typically, in conjunction with other federal and/or state or local agencies responsible for programs supported by federal funding.

(1) Working with assigned AUSAs and/or supervisory attorneys, determines applicable law, and identifies possible federal violations and civil remedies.

(2) Develops an understanding of applicable federal, state or local laws to the extent necessary to make sound decisions on direction and scope of investigations and case development.

(3) In conjunction with the assigned AUSA's direction, she/he decides upon the most effective methods for planning, scheduling, and conducting investigations, and identifies required resources.

(4) Provides specialized skills and investigative analysis relevant to violations of federal law involving waste, fraud and abuse. Identifies sources of information.

B. Performs a variety of investigation-related services in direct support of litigation. Support activities include one or more of the following:

(1) Initiates contacts with federal, state and local agency/officials, and other organizations and individuals related to the subject of investigation, to gather facts, obtain statements, learn sequences of events, obtain explanations and otherwise advance investigative objectives. Prepares documents and written discovery requests and other forms of requests for information, and serves the approved instrument(s). Examines claims data, financial records, corporate documents, books, ledgers, payrolls, cost reports, billing statements, invoices, correspondence, computer data and other records pertaining to the transactions, events, or allegations under investigation. Establishes and/or verifies relationships of all facts and evidence obtained or presented to confirm authenticity of documents, corroborate witness statements, and otherwise build proof necessary for successful litigation.

(2) She/he secures the storage, preservation, organization, filing and indexing of voluminous documentary evidence.

(3) Uses electronic databases to identify assets, verify employment and conduct financial analysis to ensure ability to collect civil judgments and monetary penalties.

(4) Prepares interim and final reports on progress of investigations for use by AUSAs and supervisory attorneys. Includes significant findings and conclusions, recommendations for additional investigative actions and candid assessments of strengths and weaknesses of witnesses, documentary evidence or other aspects of the case.

(5) Prepares summaries and digests of pertinent data, depositions and other transcripts; compiles indexes; assists in the creation of charts, graphs, videotapes and other audio-visual materials for use by AUSAs for motions, depositions, and in mediations, and trials; provides advice to AUSA on selection of witnesses and ensures their attendance through subpoena or otherwise; and testifies in court regarding investigations, as required.

(6) Provides assistance to AUSAs in trial preparation by performing duties such as independently compiling trial notebooks and compiling witness and exhibit lists.

C. Independently or with the EDOK AUSAs, meets regularly with designated federal agency personnel, state and local officials for the purpose of commencing fraud investigations and coordinating responsibilities with regard to these investigations.

D. Performs other related duties as assigned.

3. Government Furnished Support/Information

The EDOK USAO will provide the contractor's investigator/case developer with access to the government's facility, office space, computer access, telephone, facsimile machines, copies, supplies, and other general office equipment necessary to perform the requested work. The investigator will be provided access and passwords to various databases which may include Lexis/Nexis, Accurint, AutotrackXP, Westlaw, Credit Bureau Reports, STARS, and PACER. The EDOK USAO will provide the investigator with access to sensitive financial information for pre-judgment and post-judgment cases in the same manner as an employee in the EDOK USAO.

4. Key Personnel

The Contractor shall provide an investigator/case developer with:

(a) Knowledge, skills and abilities to perform the duties as specified herein;
(b) Knowledge of legal and law enforcement terms and procedures;
(c) Skill in meeting and interacting with law enforcement agents, members of the public, legal counsel and others in a courteous and tactful manner;
(d) Skill in using word processing, spreadsheet software, and Microsoft Office software programs; and
(e) Excellent written and oral communication skills.

Replacement of any key personnel is subject to the prior written consent from the Government. The Contractor shall notify the Contracting Officer (CO) 14 days prior to making any changes in key personnel. The Contractor must demonstrate that the qualifications of the prospective replacement personnel are equal to, or better than, the qualifications of the personnel being replaced by submitting resumes for approval by the CO's authorized Government representative. Approval shall be provided within five working days after notification.

5. Work Location

The contractor shall be assigned for a period of approximately one year (or longer should the requirement continue) and shall perform duties at to the USAO office located at 520 Dennison Avenue, Muskogee, Oklahoma 74401. The contractor shall work in an office setting; some walking, standing, bending and carrying of small office items is required. Normal office hours are 8:00 a.m. to 4:30 p.m. However, the contractor may be required to set a different schedule for field work and may be required to work overtime.

Occasional travel may be required and will generally entail review of records at a Courthouse and interviewing witnesses. All travel must be pre-approved, and shall be paid as a reimbursable expense. Mileage will be reimbursed at government rates for local vehicle travel from the USAO office described above, upon completion of accurate documentation. (Commuting travel to and from the work location will not be reimbursed). On occasion travel may be required to the National Advocacy Center (NAC) located in Columbia, South Carolina or to other pre-approved sites for training purposes.

6. Period of Performance

The period of performance will include a one (1) year base period from September 18, 2026, to September 17, 2027, and one (1) option year from September 18, 2027 to September 17, 2028.

7. Pricing Schedule

CLIN	Description	Unit	Estimated Hours	Hourly Rate	Total
0001	ACE Investigator/Case Developer Base Year	Hour	1664		
0002	Travel Reimbursement	Lot	---	---	
1001	ACE Investigator/Case Developer Option 1	Hour	1664		
1002	Travel Reimbursement	Lot	---	---	

8. Deliverables

The contractor will assign an investigator/case developer to the EDOK as set forth in the order(s). The investigator/case developer will perform duties as described above in Section 2 and shall be required to prepare interim and final reports on progress of assigned projects as required by the Project Manager.

9. Security Clearances

All contractor employees assigned to work on this sub-task will be required to have a favorably completed "sensitive" security clearance, Risk Level 3, SSBI. The contractor shall submit to the Project Manager for this Statement of Work, a certification that each key personnel assigned to the EDOK USAO has completed such security clearance.

10. Qualifications

a) The selected applicant will be required to pass a full field background investigation.
b) Must have a valid driver's license.
c) Undergraduate degree is required with emphasis in accounting preferred.
d) Ten plus years of law enforcement or other investigative experience with an understanding of evidence and federal civil procedure, the admissibility and inadmissibility of evidence and elements of the fraud under investigation.
e) Experience in testifying in court-related matters.
f) Ability to analyze, organize and present large volumes of data through the use of common software programs (i.e., word processing, spreadsheets, Case Map®, I-pro®, STARs, Relativity and other programs) is preferred.
g) Self-motivated and ability to work independently, organize evidence and produce written reports.
h) Possess a wide variety of skills/abilities in specialized areas such as forensic accounting, health care fraud, nursing, legal and/or law enforcement.
i) Experience in reviewing complex and voluminous records.
j) Working knowledge of current research and investigative techniques including the use of commercial databases and other sources of information.

11. Points of Contact

Primary: Jody Green, Contracting Officer, Jody.Green@usdoj.gov
Secondary: Shannon Henson, First Assistant United States Attorney, Shannon.Henson@usdoj.gov

12. Contract Type

This will be a firm fixed price contract with hourly rates.

13. Required Proposal Content:

All proposals/quotes shall be broken out into THREE separate volumes and contain the following information:

Volume I: Past Performance

Provide up to three (3) organizational past performance references for commensurate projects that are in progress or were completed within the last three (3) years of the Solicitation Issue Date. If a Contractor will be using a subcontractor, up to three (3) references must be provided for the subcontractor as well.

Past performance references submitted for work that were not in progress or were not completed within the last three (3) years of the Solicitation Issue Date will be accepted; however, these will be considered less relevant than the references within the three year period of the Solicitation Issue Date.

Past performance references may be from commercial or federal/state/local Government contracts; however, similar support services performed for federal government customers generally will be considered more relevant than those done for commercial or state/local government customers. The Contracting Officer has the discretion to retrieve information via offeror supplied references, commercial sources and federal sources including, but not limited to: Past Performance Information Retrieval System and Systems for Award Management.

Organizational past performance references must be clearly labeled "Organizational References" and be included in Volume I. If the organization does not have references, the offeror must so state (explicitly) in Volume I.

The following information is required for each reference:

(a) Customer name and address;
(b) Point of contact (name, telephone number) for contractual/administrative matters and technical performance;
(c) Period of contract performance; and
(d) Description of work performed.

If the prime contractor is submitting subcontractor(s) as part of the proposal/quote, include the subcontractor's signed written consent to allow the Government to discuss subcontractor's past performance with the prime contractor.

Volume II: Experience

A summary of the Contractor's organizational experience demonstrating the Contractor's knowledge and ability to perform the duties and tasks reflected in the Statement of Work. This summary shall not exceed two (2) pages. Specifically address work history to determine whether the vendor has relevant work experience performing similar work to the SOW specific task requirements and staffing accessibility.

If the offeror's experience is not federal experience, the offeror must clearly demonstrate how its non-federal experience relates to the needs in the Statement of Work. The offeror must demonstrate the knowledge and understanding of the Government's needs.

If the offeror exceeds the page limitation or otherwise does not clearly label this summary under Volume II, it will be at the discretion of the contracting officer to select the intended pages for evaluation purposes.

Volume III: Price

Submit a price proposal as reflected in Section 2, Pricing Schedule, to be evaluated for reasonableness. Do not include asterisks with exceptions or comments on these pages. Only state the price for the CLIN item based on the description of work provided. Any additions to the pricing page other than the CLIN price in the space provided will not be considered.

14. Evaluation

52.212-2 Evaluation – Commercial Items (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Past Performance;
Experience; and
Price.

Past performance and experience, when combined, are approximately equal to cost or price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

15. Local Clauses

Electronic Signatures (May 2019)

(a) The Department of Justice is committed to doing business in the most efficient and effective way possible, and to facilitate paperless processes. In furtherance of this goal, the Contracting Officer may apply their digital signature to procurement documents in the Portable Document Format (PDF) through the use of their government issued Personal Identity Verification (PIV) Card with a valid public key certificate. A digital signature made with these certificates is evidence that a specific individual signed the electronic record and that it was not altered. The recipient of a signed document can rely on the digital signature as evidence for a third party that the signature was generated by the claimed signer.

(b) For procurement documents that require a signature from a representative of the Contractor, the Contractor may utilize manual or electronic signature. Should the Contractor utilize an electronic signature, by returning the document with an electronic symbol affixed to the appropriate signature block, the Contractor representative signing on behalf of the Contractor certifies that:

(1) Electronic Form of Signature: The Contractor representative has knowingly adopted, applied or affixed an electronic symbol to the document;

(2) Intent to Sign: The Contractor representative has applied an electronic symbol with the intent to legally bind the Contractor;
(3) Association of Signature to Record: the Contractor representative's signature is attached to the electronic record being signed;
(4) Identification and Authentication of Signer: The Contractor has a means to identify and authenticate a particular person as the signer; and
(5) Integrity of Signed Record: The Contractor can attest to the integrity of the signed record between the time of signature and the returned record to the government.

(c) This clause applies to this document and any subsequent documents (e.g., modifications, task/delivery orders) associated with this action.

(End of Clause)

DOJ-02 Contractor Privacy Requirements (JAN 2022)

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) Privacy Act Information

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at https://www.justice.gov/opcl/doj-systems-records.[1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at http://www.gpo.gov/fdsys/. SORNs may be updated at any time.

(2) Prohibition on Performing Work Outside a Government Facility/Network/Equipment

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Unless the Contracting Officer requests otherwise, the relevant Program Manager or other Key Personnel designated by the Contracting Officer or COR may facilitate the return of equipment.

B. Privacy Training, Safeguarding, and Remediation

(1) Required Security and Privacy Training for Contractors

The Contractor must ensure that all employees take appropriate privacy training, including Subcontractors who have access to PII as well as the creation, use, dissemination and/or destruction of PII at the outset of the employee's work on the contract and every year thereafter. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at https://www.justice.gov/jmd/learndoj. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information system privacy awareness. Contractor employees are required to sign the "Privacy Rules of Behavior," acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ's computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page[3] relating to the safeguarding of PII,

including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

(a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and

(b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery. The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee's signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor's invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.[4] A "breach" is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ's inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

(a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.

(b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial discovery.

(c) The Contractor must provide a written report to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000) within 24 hours of discovery of the breach by its employees or Subcontractors. The report must contain the following information:

(i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.[6] Date, time, and location of the incident.
(ii) Amount, type, and sensitivity of information that may have been lost or compromised, accessed without authorization, etc.
(iii) Contractor's assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.[7]
(iv) Names and classification of person(s) involved, including victim, Contractor employee/Subcontractor and any witnesses.
(v) Cause of the incident and whether the company's security plan was followed and, if not, which specific provisions were not followed.[8]
(vi) Actions that have been or will be taken to minimize damage and/or mitigate further compromise.
(vii) Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

(d) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(e) At the Government's discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access PII or to work on that contract based on their actions related to the loss or compromise of PII.

(6) Victim Remediation

At DOJ's request, the Contractor is responsible for notifying victims and providing victim remediation services in the event of a breach of PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) Records Management Training and Compliance

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year thereafter. The Contractor shall maintain copies of certificates as a record of

compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) Records Creation, Ownership, and Disposition

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property of the U.S. Government and may be considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

D. Data Privacy and Oversight

(1) Restrictions on Testing or Training Using Real Data Containing PII

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10] to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (https://dojnet.doj.gov/privacy/), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] "[T]he term 'record' means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph." 5 U.S.C. § 552a(a)(4). "[T]he term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual." 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), "'personally identifiable information' means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual." Regarding "sensitive PII," "[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals' names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information." OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at https://www.justice.gov/opcl/resources.

[4] As stated in DOJ Instruction 0900, "Contractors must notify the Contracting Officer, the Contracting Officer's Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including

breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines."

[5] https://www.justice.gov/file/4336/download

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (*e.g*., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term "information technology" means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term "project" is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

(End of Clause)

DOJ-03 Personnel Security Requirements For Contractor Employees (Nov 2021)

Work performed under this contract will involve any one or more of the following: access to DOJ Information, which may include Controlled Unclassified Information (CUI), i.e., unclassified, sensitive DOJ information, and/or access to DOJ Information Technology (IT) systems, and/or unescorted access to DOJ space or facilities. Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

1. General Requirements

(a) All references to "contract(or) personnel" and "contract(or) employee" in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. "Employment" as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(b) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to

commence performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer's Representative if one is appointed, have received the requisite security approval.

(c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.

(d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.

(e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal penalties.

2. Citizenship and Residency Requirements

(a) Residency Requirement. (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department's residency requirement if they will require access to DOJ information, IT systems, or unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department's sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances. The residency requirement does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/ consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(b) *Citizenship*. (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S. citizenship.

(2) *Exception for Certain Non-U.S. Citizen Contractor Employees*: (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(c) Dual Citizenship. (1) U.S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S.

citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(d) *Access to DOJ Information Technology Systems*. Non-U.S citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a waiver. In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2) The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space. (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long- term or short-term. The PTI risk categories are listed below.

(i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.

(ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is required.

(iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non- Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is required.

(b) *Exception for Expert Witnesses*. Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.

(c) *Short-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).

(d) *Long-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(e) *Non-U.S. Citizen Contractor Employees*. Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(f) *Reciprocity*. (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/ service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

4. Background Investigation Process

(a) *e-QIP (or its successor)*. Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.

(b) *Additional Documentation*. (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:

(i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.

(ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.

(iii) OF-306, Declaration for Federal Employment.

(iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
(v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.
(vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) Adjudication and Pre-Employment Background Investigation Waivers

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for *public trust contractors* can be granted by the SPM, in consultation with the cognizant COR. Pre- employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the *DOJ Residency Requirement* of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ *Self-Reporting Requirements for All Contractor Personnel* (see Section 6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this clause.

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge)

shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this contract.

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior to commencement of work by the contractor employee and PIV card or building access badge issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) [Reserved]

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access badge. PIV cards require additional processing time and will not likely be issued on the same day.
(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. The contractor shall pay for reissued building access badges at no cost to the government. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

6. Employee Reporting Requirements

(a) All contractor employees must sign the DOJ *Self-Reporting Requirements for All Contractor Personnel* statement acknowledging and accepting the DOJ requirement that they immediately self-report certain information using the Department's iReport system. The COR or SPM will provide the Self-Reporting statement as well as a list of reportable information, which varies by position sensitivity designation, to the contractor employee before commencing work under the contract. If the contractor employee does not have access to the DOJ iReport System, the COR or SPM will provide a fillable form for the contractor employee to complete and submit.

(b) The COR and SPM will review the written report and documentation and make a determination regarding continued employment on a DOJ contract.

(c) DOJ reporting requirements are in addition to the DCSA reporting requirements and the contractor's internal reporting requirements.

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps to ensure that contractor personnel who are selected for assignment to this contract are professionally

qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause.
The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

(End of Clause)

DOJ-07 Prohibition On Access By Non-U.S. Citizens To DOJ IT Systems (MAR 2002)

The Department of Justice does not permit the use of Non-U.S. citizens in the performance of this contract or commitment for any position that involves access to or development of any DOJ IT system. By signing the contract or commitment document, the contractor agrees to this restriction. In those instances where other non-IT requirements contained in the contract or commitment can be met by using Non-U.S. citizens, those requirements shall be clearly described.

(End of Clause)

DOJ-08 Continuing Contract Performance During a Pandemic Influenza or other National Emergency (OCT 2007)

During a Pandemic or other emergency we understand that our contractor workforce will experience the same high levels of absenteeism as our federal employees. Although the Excusable Delays and Termination for Default clauses used in government contracts list epidemics and quarantine restrictions among the reasons to excuse delays in

contract performance, we expect our contractors to make a reasonable effort to keep performance at an acceptable level during emergency periods.

The Office of Personnel Management (OPM) has provided guidance to federal managers and employees on the kinds of actions to be taken to ensure the continuity of operations during emergency periods. This guidance is also applicable to our contract workforce. Contractors are expected to have reasonable policies in place for continuing work performance, particularly those performing mission critical services, during a pandemic influenza or other emergency situation.
The types of actions a federal contractor should reasonably take to help ensure performance are:

- Encourage employees to get inoculations or follow other preventive measures as advised by the public health service.

- Contractors should cross-train workers as backup for all positions performing critical services. This is particularly important for work such as guard services where telework is not an option.

- Implement telework to the greatest extent possible in the workgroup so systems are in place to support successful remote work in an emergency.

- Communicate expectations to all employees regarding their roles and responsibilities in relation to remote work in the event of a pandemic health crisis or other emergency.

- Establish communication processes to notify employees of activation of this plan.

- Integrate pandemic health crisis response expectations into telework agreements.

- With the employee, assess requirements for working at home (supplies and equipment needed for an extended telework period). Security concerns should be considered in making equipment choices; agencies or contractors may wish to avoid use of employees' personal computers and provide them with PCs or laptops as appropriate.

- Determine how all employees who may telework will communicate with one another and with management to accomplish work.

- Practice telework regularly to ensure effectiveness.

- Make it clear that in emergency situations, employees must perform all duties assigned by management, even if they are outside usual or customary duties.

- Identify how time and attendance will be maintained.

It is the contractor's responsibility to advise the government contracting officer if they anticipate not being able to perform and to work with the Department to fill gaps as necessary. This means direct communication with the contracting officer or in his/her absence, another responsible person in the contracting office via telephone or email messages acknowledging the contractor’s notification. The incumbent contractor is responsible for assisting the Department in estimating the adverse impacts of nonperformance and to work diligently with the Department to develop a strategy for maintaining the continuity of operations.

The Department does reserve the right in such emergency situations to use federal employees. employees of other agencies, contract support from other existing contractors, or to enter into new contracts for critical support services. Any new contracting efforts would be acquired following the guidance in the Office of federal Procurement Policy issuance "Emergency Acquisitions", May, 2007 and Subpart 18.2. Emergency Acquisition Flexibilities, of the Federal Acquisition Regulations.
