Basis of Award

FAR 52.212-2 -- Evaluation -- Commercial Products and Commercial Services. (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible Quoter whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

i) Technical capability of the service offered to meet the Government requirement;
ii) price

(End of provision)

Award will be based on the responsible quoter whose quotation, conforming to the RFQ, is determined to be the lowest price technically acceptable (LPTA) quote based on the evaluation factors.

See attachment 2 and 3 for the technical evaluation factors/requirements.

SAM Registration and FAR 52.212-3 Alternate I Compliance:

In accordance with FAR 12.301(b)(2), Quoters shall complete electronic annual representations and certifications within the System for Award Management (SAM) database at sam.gov**.**

If the Quoter's SAM certifications are current, complete, and accurate as of the response date of this RFQ, the Quoter shall include a statement in your price quotation stating: "The offeror has completed the annual representations and certifications electronically in SAM and confirms they are current, accurate, and complete as of [Insert Date]."

If the Quoter's SAM certifications do not reflect current data, or if the Quoter is not registered in SAM, they must submit a fully executed paper copy of FAR 52.212-3, Offeror Representations and Certifications—Commercial Products and Commercial Services (Alternate I) with their quote. Failure to have current certifications in SAM or submit a written copy may render the quote ineligible for award. Registration is free and can be completed on-line at https://www.sam.gov/.

Base Access

General Access Requirements: The selected contractor personnel must obtain legal entry authorization to Naval Base Guam (NBG) prior to commencing work. The contractor is solely responsible for ensuring its employee meets all local security command requirements, including background checks and base access control registration. Non-U.S. citizens may require additional, specialized clearance processing (Foreign National Screening) through the Command Security Officer.

CAC Issuance: Because this position requires routine physical access to military installation and logical access to DoD information systems (Navy networks), the Network Administrator must be issued a Common Access Card (CAC).
