	The purpose of Amendment 0001 is to provide the following: 1. To provide the Government's response to the vendor's questions. 2. Revised BPA Language attachment. 3. Revised Performance Work Statement (PWS). Period of Performance: 12/01/2026 to 11/30/2027				

AMENDMENT 0001 – 1605C2-26-Q-00042 – 8.28.26

B - SUPPLIES/SERVICES/PRICES – BPA LANGUAGE

B.1 ORDER TYPES

Fixed Price (FP), Labor Hour (LH), or Time and Materials (T&M) orders may be issued against this Blanket Purchase Agreement (BPA).

B.2 LABOR RATES

The fixed rates represent the contractor's fully burdened rates for each skill classification for work to be performed at Government sites and Contractor sites. These rates provided in the pricing table will be used as ceiling rates for pricing of all labor proposed under future FP, T&M, or LH orders issued against this BPA. All Labor Categories must be on the contractor's General Services Administration (GSA) schedule. The Government will not accept any labor categories and rates exceeding the vendor's GSA Schedule.

Service Contract Labor Standards Act (SCLSA) requirements will be analyzed at the order level, based on each order's place of performance. If SCLSA is determined to be applicable to an individual order, the appropriate Wage Determination(s) will be included with the request for quote. Please visit SAM.gov for more information on Wage Determinations.

B.3 TRANSITION PLANS

At the end of the order period of performance, the incumbent Contractor shall transition activities to the incoming Contractor with minimal disruption of services to the Government. The Contractor shall maintain sufficient qualified staff to meet all requirements of this effort. The Contractor shall submit a written transition plan unless designated otherwise by the Contracting Officer (CO).

The Contractor shall provide a transition plan subject to Government approval. The Contractor shall provide transition information and briefings to the Contracting Officer's Representative (COR) prior to expiration dates. Orders issued under the BPA may include transitions in/out requirements.

B.4 BPA ORDERING PERIOD

The period of performance for each order placed against this BPA shall be specified in the individual order. The following conditions apply:

1. Under no circumstances may an order be placed under the BPA if the BPA has expired, been terminated or placed in a dormant status;
2. Orders, inclusive of options, shall not exceed 60 months from the date of award;
3. Order options, if included at initial issuance of the order, may be exercised after the BPA expires. However, the exercise of such options shall occur within 15 days of the BPA's expiration.
4. In the event a BPA Period of performance ends prematurely (e.g., decision not to exercise a BPA option), an order Option that was originally awarded with an order may be exercised for a period not to exceed 12 months. No further Order options may be exercised.
5. As directed by the Contracting Officer's Representative (COR), the Contractor shall continue performance in emergencies or mission-essential conditions. Additionally, the Contractor may be required to account for the whereabouts of their personnel should this information be requested by the COR.

The BPA does not obligate any funds. The Government is obligated only to the extent of authorized orders placed under this BPA. Although the Government will obligate funds concurrent with the placement of each order, the Government's obligation to pay for the services will be based on the Contractor's successful performance of the services per the requirements of each order issued.

B.5 ESTIMATED VALUE

The aggregate value of all orders made against this BPA shall not exceed $, whereas the Government cannot guarantee what percentage or portion of the aggregate value will be awarded under this BPA.

B.6 CONTRACTING AND ADMINISTRATIVE AUTHORITY

In accordance with FAR 42.2, the BPA will be administered by the Office of Policy Development and Research (OPDR) delegated COR. The Office of the Senior Procurement Executive (OSPE) is the only activity authorized to approve changes or modify any of the requirements contained in this BPA. In the event the contractor effects any such change at the direction of any person other than an OSPE Contracting Officer (CO), the change will be considered to have been made without authority.

B.7 EXPECTATION FOR BPA HOLDER

The BPA holder shall collaboratively share ideas and work together with the Government, for the purpose of determining the best courses of action for the sake of DOL. Synergy and problem-solving on a collective level should benefit all stakeholders. While having this expectation for the BPA holder, the Government will continue to adhere to appropriate protections for intellectual property and other proprietary information.

B.8 ORDERING PROCEDURES

All orders shall be issued in accordance with the terms and conditions described herein, along with all applicable Federal Acquisition Regulations (FAR), DOL acquisition regulations, DOL manual series, and Office of Federal Procurement Policy (OFPP) Best Practices. Prior to placement of any orders, cognizant procuring contracting officer(s) (CO) shall read the awarded blanket purchase agreement (BPA) in its entirety to understand the terms, conditions, and limitations of the vehicle. Procuring OSPE COs shall use appropriate standard forms for order placement and award, while ensuring that all orders clearly reflect the basic award number. All orders issued shall be within the scope of the basic award.

Under no circumstances does anyone other than a CO from OSPE have the authority to modify the basic award. In the event of a conflict or tension between the basic award and an order, the basic award will govern. All issues or concerns directly related to the basic award shall be directed to the basic award Contracting Officer.

Additional Price and Discount Terms
The Government may secure additional discounts at the time of placing an Order. On-the-spot discounts are authorized and encouraged.

Price Reduction
Most favored customer prices. The prices under the BPA shall be at least as low as the prices identified on the schedule. If at any time the prices under the schedule become lower than the prices in this enterprise-wide vehicle, this enterprise-wide vehicle will be modified to include the lower prices.

Fair Opportunity
Contractors will be provided with fair opportunity at the order level as applicable, unless an exception to fair opportunity applies. Additionally, the Order Ombudsman for DOL is Ryan Chandler, and can be contacted at chandler.ryan.p@dol.gov. The Order Ombudsman is responsible for evaluating Contractor complaints.

B.9 DELIVERY AND PLACE OF PERFORMANCE

The place of performance shall be defined in all subsequent orders.

B.10 OTHER DIRECT COSTS (ODCs) (ALL ORDER TYPES)

ODCs may consist of software, materials, and order-related items that are incidental to the services being performed. All ODCs shall annotate the specific details (e.g., quantity, part number, manufacturer, etc.) to include supporting documentation to justify the costs (i.e., price quotes, price history, etc.). The cost of general-purpose items required for the conduct of the contractor's normal business operations will not be considered an allowable ODC in the performance under any issued orders. Profit is not allowed on ODCs for any order; however, applicable burdens are allowed in accordance with the contractor's accounting practices. If applicable, the CO must identify a not-to-exceed ODC ceiling under a separate contract line-item number (CLIN) on the order. ODCs will be priced at the order level.

B.11 TRAVEL

Travel expenses (including travel agent service fees) shall be separately itemized on the contractor's invoice and based on mileage rates, per diem, actual expenses, or a combination thereof.

Reimbursement of transportation, lodging, meals, and incidental expenses shall be per Federal Acquisition Regulation (FAR) 31.205-46, Travel costs. Per diem rates and mileage rates can be found on the General Services Administration (GSA) website. The contractor shall familiarize itself with FAR 31.205-46 and direct any questions to the CO.

To be considered reasonable, claimed expenses for transportation, lodging, meals, and incidental expenses must be within the limits of the Federal Travel Regulation (FTR) per diem rates for the pertinent location and dates of travel or within the approval authority of the CO per FAR 31.205- 46(a)(3). Expenses in excess of those authorized in FAR 31.205-46 shall be borne entirely by the contractor with no expectation of recompense as either a travel expense or other direct or indirect expense. Per FAR 31.205-46(a)(5), it is advisable for the contractor to obtain advanced approval from the CO to incur travel expenses exceeding the rates authorized in the FTR. If the contractor incurs such travel expenses without advanced approval from the CO, the contractor will not be reimbursed at the higher rate(s), unless the contractor can prove it was not possible to obtain the CO's advance approval before such expenses were incurred. The CO's authorization of travel expenses above the FTR is not re-delegable to any other government employee.

Further, the COR cannot authorize the contractor to incur travel expenses above the FTR. Moreover, neither the CO nor the COR can authorize the contractor to exceed the travel amount specified and obligated in this contract, and as specified in FAR 31.205-46(a)(3).

The contractor is responsible for making all travel arrangements necessary to perform the services under this BPA. The contractor shall not apply overhead and G&A against travel agent service fees. Travel agent services fees must be determined fair and reasonable by the CO.

Invoices for actual travel expenses shall include documentation of the expenses incurred (date and place (city, town, or other similar designation); purpose of the trip; and name(s) and title(s) of the person traveling or relationship to the contractor) and a copy of the actual receipt for each individual expense over $75.00.

If applicable, the CO must identify a not-to-exceed Travel ceiling under a separate contract line-item number (CLIN) on the order. Travel will be priced at the order level.

Performance Work Statement (PWS)

For

Office of Grants Management (OGM)

Mission Support – Single Award BPA

Revised 8.28.26

PART 1 GENERAL INFORMATION

1.1. Description of Services/Introduction:

The contractor shall provide all personnel, supervision and other items and non-personal services necessary to perform the requirements as defined in this Performance Work Statement, except as specified in section Part 3 as government furnished property and services throughout the United States and its territories. The contractor shall perform to the standards in this contract.

1.2. Background:

In The U.S. Department of Labor (DOL), Employment and Training Administration (ETA) administers federal government job training and worker dislocation programs, federal grants to states and organizations for public employment service programs, and unemployment insurance benefits. These services are primarily provided through state and local workforce development systems.

The mission of the Employment and Training Administration is to contribute to the more efficient functioning of the U.S. labor market by providing high quality job training, employment, labor market information, and income maintenance services primarily through state and local workforce development systems.

The Office of Grants Management (OGM) delivers centralized grants administration and policy expertise to support pre-award, award, period of performance, audit resolution and closeout of federal assistance awards made by ETA, the Veterans' Employment and Training Services, and other DOL agencies, including the Bureau of International Labor Affairs (ILAB).

1.3. Objectives:

The Employment and Training Administration has a requirement to provide grant life cycle mission support personnel for the following offices:

- Office of Grants Management (OGM)
- Veterans' Employment and Training Services (VETS)
- Bureau of International Labor Affairs (ILAB)

This PWS describes major tasks and task areas that the contractor is expected to perform, but it is not meant to be a detailed list of all possible sub-tasks. Contractor staff duties will not include inherently governmental functions.

1.4. Scope:

The Contractor shall provide all of the required personnel and services to support OGM's mission including, but not limited to, grant life cycle specialist position. The Contractor shall recruit and provide all staffing support required under this Labor Hours contract in physical locations designated by the ETA. The current proposed level of effort is 1,880-22,560 hours for each year of the contract. This level of effort is

based on a ceiling of 1,880 hours per Contractor staff each year. This excludes hours for vacation, sick leave, and holidays.

1.5. Period of Performance:

The period of performance shall be for one 12-month Base Period and four 12-month option periods. The period of performance reads as follows:

Base Period	December 1, 2026 – November 30, 2027
Option Period 1	December 1, 2027 – November 30, 2028
Option Period 2	December 1, 2028 – November 30, 2029
Option Period 3	December 1, 2029 – November 30, 2030
Option Period 4	December 1, 2030 – November 30, 2031

1.6. General Information

1.6.1. Quality Control:

If necessary, the contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's quality control program is the means by which the determination is made to ensure that the work complies with the requirement of the contract. As a minimum, the contractor shall develop quality control procedures that address the areas identified in Technical Exhibit 1, "Performance Requirements Summary". After acceptance of the quality control plan the contractor shall receive the contracting officer's acceptance in writing of any proposed change to his QC system.

1.6.2. Quality Assurance:

The government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government will do to ensure that the contractor has performed in accordance with the performance requirements summary. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3. Reserved

1.6.4. Recognized Holidays:

The Federal Government observes the following holidays and Federal buildings will be closed. Federal contractors shall not perform services under this contract on the following holidays:

New Year's Day
Martin Luther King Jr.'s Birthday
President's Day
Memorial Day
Juneteenth Day
Independence Day
Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Christmas Day

1.6.5. Hours of Operation/Place of Performance:

The contractor is responsible for conducting performance under the awarded order between the hours of 8:30 a.m. to 4:30 p.m., with a 30 minute off-the-clock break for lunch, Monday thru Friday, except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. Performance outside of the 8:30 a.m. to 4:30 p.m. window may be authorized under this order in situations determined and directed by the CO or the COR. The Contractor must at all times maintain an adequate work force for the uninterrupted performance of all tasks defined within this PWS, when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the work force are essential. Telecommuting or "work at home" may be authorized under this order for emergency situations as determined and directed by CO or the COR.

The place of performance shall be the U.S. Department of Labor, Employment and Training Administration headquarters and the six regional offices:

Employment & Training Administration
Frances Perkins Building,
200 Constitution Avenue, NW,
Washington, DC 20210

Grants Lifecycle Specialists may work on a hybrid schedule. Remote performance may be allowable in some situations if deemed necessary and advantageous to the Government.

1.6.6. Type of Contract:

This is a Blanket Purchase Agreement which allows for the issuance of firm-fixed-priced, time and material, and labor- hour orders.

1.6.7. Security Requirements:

The Government shall exercise full and complete control over granting, withholding, or cancelling clearances for contract employees. The Government may grant temporary clearances to employees of the Contractor; however, the granting of a temporary clearance shall not be considered an assurance that full clearance shall in no way prevent, preclude, or bar the withdrawal or termination of any such clearances by the department.

Background Investigations

DOL's Office of Grants Management's environment is considered sensitive but unclassified. DOL is required under the Homeland Security Presidential Directive (HSPD) 12 "Policy for a Common Identification Standard for Federal Employees and Contractors" to perform a National Agency Check with Inquiries (NACI) for Contractors. The NACI is a brief form of background investigation that is conducted through the Office of Personnel Management. This investigation will be conducted for Contractor staff assigned to this Contract. Contractor staff will be required to provide two forms of acceptable identification, provide a current photograph, and be finger-printed. Successful clearance is required for an employee to continue working under this Contract.

Per the Personal Identity Verification of Contractor Personnel clause of the Federal Acquisition Regulation (FAR 52.204-9):

The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24, and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

The Contractor shall insert this clause in all subcontracts when the subcontractor is required to have physical access to a federally-controlled facility or access to a Federal information system.

1.6.7.1. Physical Security.

The contractor shall be responsible for safeguarding all government property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.7.2. Key Control

The Contractor shall establish and implement methods of making sure all keys/key cards issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Quality Control Plan.

Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any occurrences of lost or duplicate keys/key cards to the Contracting Officer.

1.6.7.2.1. Lost Keys

In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from the monthly payment due the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the monthly payment due the Contractor.

1.6.7.2.2. Key Use

The Contractor shall prohibit the use of Government issued keys/key cards by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer.

1.6.8. Special Qualifications:

No special qualifications required.

1.6.9. Post Award Conference/Periodic Progress Meetings:

The Contractor agrees to attend any post award conference convened by the contracting activity or

contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The CO, COR, and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings, the CO will apprise the contractor of how the government views the contractor's performance and the contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.10. Contracting Officer Representative (COR):

A COR for this order shall be appointed under separate cover.

1.6.11. Key Personnel:

Key personnel designated are those personnel assigned to Key positions or labor categories and are essential to the work performed herein. The CO will designate or replace Key Personnel, as appropriate.

DOL has determined that continuity through the retention of highly qualified contractor personnel is a major factor for success in achieving high quality products and efficient performance. If it becomes necessary for the vendor to replace Key Personnel after designation, the vendor shall provide to the CO and the COR a written evaluation of the impact on the progress and continuity of the relevant work that might result by replacing these personnel. The vendor shall submit the names and resumes of replacement personnel to the CO and the COR for review not later than two calendar weeks prior to their replacement, or as soon as known. All replacement personnel must possess qualifications equal to or higher than the qualifications of the person replaced. The CO and COR will evaluate the requests and the CO will promptly notify the contractor of approval or disapproval of the replacement key personnel. Once the key personnel is approved the vendor must have said personnel on board within 14 days.

The follow personnel are considered key personnel by the government: Contract Manager, Grants Lifecycle Specialist

Contract Manager
The contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the contractor when the manager is absent shall be designated in writing to the CO. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to daily operations.

The contract manager or alternate shall be available between 8:00 A.M. and 4:30 P.M., Monday thru Friday except Federal holidays or when the government facility is closed for administrative reasons. Qualifications for all key personnel are listed below.

Grants Lifecycle Specialist
This position provides critical support to handle the grant workload in the Office of Grants Management (OGM). The candidate will support all stages of the grant life cycle, including but not limited to pre-award, award, and post award activities, transparency efforts, financial reporting, financial and data analysis and data validation, audit resolution and grant closeout procedures, in addition to unique projects. This position aids in the handling, processing, facilitation, creation, modification, publication, and dissemination of grant documentation according to internal Standard Operating Procedures (SOP).

1.6.11.1 Key Personnel Qualifications

Contract Manager
The Contract Manager must possess a Bachelor's Degree from an accredited college or university and possess the following qualifications:

(1) A minimum of 3 years' experience in managing a complex multidisciplinary team involving multiple facets of technical effort.
(2) Performs day-to-day management of overall contractor support operations, possibly involving multiple projects and groups of personnel at multiple locations.
(3) Organizes, directs, and coordinates planning and production of all contract support activities.
(4) Demonstrates written and oral communication skills. Establishes and alters (as necessary) corporate management structure to direct contract support activities.

Grants Lifecycle Specialist
The Grants Lifecycle Specialist must possess a Bachelor's Degree from an accredited college or university or relevant experience (4 years without a degree) and possess the following qualifications:

(1) Proficiency in computer programs such as Microsoft Office, including Word and Excel, and Adobe Acrobat.
(2) Demonstrates written and oral communication skills.

1.6.12. Identification of Contractor Employees:

All contract personnel attending meetings, answering Government telephones, and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government officials. They must also ensure that all documents or reports produced by contractors are suitably marked as contractor products or that contractor participation is appropriately disclosed.

PART 2 DEFINITIONS & ACRONYMS

ADA	**Americans with Disabilities Act**
CO	**Contracting Officer**
COR	**Contracting Officer's Representative -** A representative from the requiring activity assigned by the Contracting Officer to perform surveillance and to act as liaison to the contractor.
DOL	**Department of Labor**
EEO	**Equal Employment Opportunity**
ETA	**Employment and Training Administration**
FAR	**Federal Acquisition Regulation**
IT	**Information Technology**
OGM	**Office of Grants Management**
POP	**Period of Performance**
PWS	**Performance Work Statement**
QASP	**Quality Assurance Surveillance Plan -** An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.
QCP	**Quality Control Plan**
State/Territories	**United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.**
USC	**U.S. Code**
WCAG	**Web Content Accessibility Guidelines**
WIOA	**Workforce Innovation and Opportunity Act**
BEST EFFORT	The effort expended by the contractor to perform within the awarded ceiling price all work specified in this acquisition and all other obligations under this acquisition. This effort includes providing required qualified personnel, properly supervised, and following

industry accepted methodologies and other practices. The effort is further characterized by operating at all times with the Government's best interest in mind, using efficient and effective methods, and demonstrating sound cost control. The effort must be identical to the effort that would be expended if this were a firm-fixed price acquisition and the contractor's profits were dependent upon reducing costs while meeting the Government's requirements in terms and quality and schedule. Failure to provide this required effort may result in the withholding of payment for hours expended that do not qualify as best effort or a reduction in the rate per hour to reflect decreased value of services received.

PART 3 GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3.1 General:

The government will provide the facilities where the security installations will be performed (See Technical Exhibit 1). All GFE provided by the contract bill of materials will be managed in accordance with DOL property management guidelines.

3.2 Equipment:

The government will provide laptop computers and accessories such as a docking station, monitors, etc.

For Contractor personnel performing work on Government premises, the Government will provide network connectivity.

3.3 Services:

3.3.1 Reserved.

3.4 Facilities:

Onsite. The government will furnish all necessary workspace required for the contractor to support the effort(s) outlined in this PWS, to include desk space, telephones, computers and other items necessary to maintain an office environment.

Contractor Site. The contractor shall furnish all necessary workspace required to support the effort(s) outlined in this PWS, to include desk space, telephones, computers, and other items necessary to maintain an office environment. If deemed necessary, the Government may issue, at its discretion, supplemental equipment (e.g. computing equipment).

PART 4 CONTRACTOR FURNISHED ITEMS AND SERVICES

4.1 General:

Except for those items specifically stated to be government furnished in Part 3, the contractor shall furnish all other items required to perform the services in this PWS. For Example:

The contractor shall provide all equipment for performance in accordance with the terms and conditions of the PWS.

4.2 Clearance:

See Section 1.6.7 “Security Requirements”.

PART 5 SPECIFIC TASKS

5.1 Recruitment and Provision of Support Personnel

The Contractor shall recruit qualified candidates for the Life Cycle Specialist position. The Contractor shall deliver the resumes of qualified candidates fitting the position descriptions (included here) to DOL ETA at the COR's request. After the COR makes a selection from the delivered resumes, the Contractor shall work with DOL ETA to on-board the selected Contractor staff. For the duration of the contract the Contractor shall conduct financial and administrative tasks associated with the maintenance of the contract.

5.2 Grants Life Cycle Specialist Position Description

Duties:
This position provides critical support to handle the grant workload in the Office of Grants Management (OGM). The candidate will support all stages of the grant life cycle, including but not limited to pre-award, award, and post award activities, transparency efforts, financial reporting, financial and data analysis and data validation, audit resolution and grant closeout procedures, in addition to unique projects. This position aids in the handling, processing, facilitation, creation, modification, publication, and dissemination of grant documentation according to internal Standard Operating Procedures (SOP).

Pre-Award

- Pre-screens grant applications, schedules panels, conducts presentations, facilitates panel deliberations, and reviews panel workbooks as directed.
- Reviews data for grant applications in GrantSolutions, the DOL's grant application and award system.
- Inputs data for hard-copy applications into GrantSolutions.
- Assists and/or prepares correspondence, including non-responsive and late letters, welcome and unsuccessful letters, and evaluative feedback.

Financial and Data Analysis and Data Validation

- Supports the panel normalization process of parallel validation within 1 day of assignment.
- Develops various ad-hoc reports and data validation.
- Assists with ETA's data validation responsibilities for USASpending reporting.

Award

- Reviews applications, processes any revisions, and communicates with applicants as necessary.
- Creates recipient and grant numbers, creates and uploads base award packages, and submits packages for review and approval.

Transparency

- Formats and redacts PII/CBI from applicant abstracts and project narratives within 3 business days after the award announcement.

Post Award

- Reviews/analyzes budgets, SOW, and other grant actions identifying questionable elements and prepares grant modifications within 3 business days per task with limited guidance.

Audit Resolution

- Conducts audit resolution activities related to various audit, monitoring and other reports, ensuring the proper procedures and regulations are followed.
- Processes transmittals of final audit/other reports to appropriate parties, reviewing/analyzing documentation from grantee/contractors, reviewing National/Regional Office draft responses, preparing legally supported Initial/Preliminary or Final Determinations/Decisions for Federal management's signature
- Submits for management review all Initial Determinations assigned within 60 days of the final audit report date.
- Submits for management review all Final Determinations within 120 days of the issue date of the final audit report date.
- Maintains accurate/complete case files.
- May be responsible for participating in informal resolution activities.

Grant Closeout

- Prepares and emails closeout packages to the grantee/GOTR to initiate the closeout process.
- Contacts grantee/GOTR to confirm receipt of closeout documents and offer assistance.
- Verifies in financial reporting systems that financial reports match expenditures and rectifies deviations with OCFO.
- Completes a financial reconciliation and certifies closeout property certification form with Administrative Services, if applicable.
- Sends preliminary settlement/notification of closeout letter to grantee/GOTR, and forwards courtesy copy of the notification to the program office/Federal Project Officer.
- Completes and submits Internal Certifications regarding property and services provided, as applicable.
- Follows communication procedures for non-responsive grantees.
- Performs general administrative and support functions in accordance with the grant closeout process.

Other Duties

- Assists in problem solving to formulate and implement a recommendation for action.
- With limited guidance, prepares a variety of reports, and analysis.
- With limited guidance, completes special assignments as applicable.

5.3 Satisfactory Performance of Duties

The Contractor shall ensure that duties are completed with high quality and within appropriate timeframes. All Contractor work products may be subject to periodic/ongoing review.

5.4 Phase Out

During the last month of the contract period of performance, or in the case that Contractor staff vacate a position, the contractor shall complete phase out tasks to include, but not limited to:

1. The Contractor shall transfer all hardware warranties and software licenses (if applicable).
2. The Contractor shall transfer all business and/or technical documentation.
3. The Contractor shall transfer all records to the government agency in compliance with federal record-keeping policies and procedures.
4. The Contractor shall transfer all Government Furnished Equipment (GFE) and Government Furnished Information (GFI) as well as GFE inventory management assistance.
5. The Contractor shall turn over all government keys, ID/access cards and security codes.
6. The Contractor shall ensure that no significant disruptions to user services and support occur during the transition period.

Part 7 Technical Exhibit Index

1. Technical Exhibit 1 – Performance Requirements Summary
2. Technical Exhibit 2 – Deliverables Schedule

TECHNICAL EXHIBIT 1

Performance Requirements Summary

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	Standard	Performance Threshold	Method of Surveillance
PRS # 1 The Contractor shall recruit and provide support personnel.	Compliance with DOL regulations and policies.	No more than 2 validated complaints or concerns from Federal or State Program Officials.	Customer feedback and other Program Office feedback.
PRS # 2 The Contractor shall ensure that support personnel perform duties satisfactorily.	Compliance with DOL regulations and policies.	No more than 2 validated complaints or concerns from Federal or State Program Officials.	Customer feedback and other Program Office feedback.
PRS # 3 The Contractor shall oversee the phase out period.	Compliance with DOL regulations and policies.	No more than 2 validated complaints or concerns from Federal or State Program Officials.	Customer feedback and other Program Office feedback.

Questions and Answers

Question #	RFQ/PWS Reference Section Number/Page Number	Vendor Questions	Government Response
1	Section B, B.5 Estimated Value (p. 4)	Section B.5 states that the aggregate value of all orders made against this BPA shall not exceed "$TBD." Can the Government provide the aggregate ceiling value of the BPA? This figure is necessary for vendors to assess the scale of the requirement and structure staffing, recruiting capacity, and management resources appropriately.	No. The ceiling value will be determined at award.
2	PWS 1.4 Scope (p. 9) and Attachment 2 - Price Estimate Table	PWS Section 1.4 states that "the current proposed level of effort is 1,880 - 22,560 hours for each year of the contract," while Attachment 2 lists a fixed estimate of 22,560 hours per period for the Grants Lifecycle Specialist labor category. Please confirm whether 22,560 hours (approximately 12 FTE at the stated 1,880-hour ceiling) is the level of effort vendors should use for pricing and evaluation purposes.	Yes. 22,560 hours should be used for pricing and evaluation.
3	PWS 1.6.12 Key Personnel (p. 12) and Attachment 2 - Price Estimate Table	PWS Section 1.6.12 designates both the Contract Manager and the Grants Lifecycle Specialist as Key Personnel, but Attachment 2 contains a single line item for the Grants Lifecycle Specialist only. Please clarify how the Contract Manager position is to be priced: (a) as a separate direct labor line the vendor should add to Attachment 2; (b) as an indirect/overhead cost absorbed within the Grants Lifecycle Specialist rate. If vendors may add rows to Attachment 2, please confirm that doing so will not be treated as an unauthorized alteration of the pricing template.	The Contract Manager should not be priced separately and shouldn’t be considered an overhead cost.

4	Attachment 2 - Price Estimate Table	Are vendors allowed to add rows to Attachment 2 for the Contracts Manager or additional Grants Lifecycle Specialists if we propose different levels?	No. The Contracts Manager should not be considered an overhead cost.
5	PWS 1.6.5 Hours of Operation/Place of Performance (p. 10); PWS Part 3.3 Facilities (p. 15); Section B.9 (p. 5)	PWS 1.6.5 states performance occurs at ETA headquarters and "the six regional offices," with telework authorized only for emergency situations, while PWS Part 3.3 describes both an onsite and a Contractor Site arrangement and Section B.9 states place of performance will be defined in subsequent orders. Please clarify: (a) whether performance under the initial order is expected to be fully onsite; (b) the addresses of the six regional offices and the anticipated allocation of staff among headquarters and each regional office; and (c) whether routine (non-emergency) telework or hybrid schedules will be authorized. Place of performance materially affects proposed labor rates and recruiting strategy.	The work will be performed in a hybrid environment. For onsite work the staff will report only to the headquarters location in Washington, DC.
6	Section B.2 Labor Rates (p. 4)	Section B.2 states that Service Contract Labor Standards Act requirements will be analyzed at the order level and directs vendors to "See Attachment C" for Wage Determination information; however, the Attachment Table on page 35 lists only Attachment 1 (Vendor Questions) and Attachment 2 (Price Estimate Table), and no Attachment C was included in the solicitation package. Please provide Attachment C, and confirm whether the Government anticipates that the Grants Lifecycle Specialist position will be SCLSA-covered or treated as exempt professional/administrative services.	Attachment C reference is removed. See revised RFQ.

7	General / Section 3 - Instructions to Vendors	Is there an incumbent contractor currently performing these or substantially similar services? If so, please provide the incumbent's name, contract or BPA number, current period of performance, total value, and current staffing level.	Yes. The Contract # is 1605C2-21-C-0014. The value is approximately $4,500,000. The staffing level is 9 FTEs.
8	PWS 1.6.7 and 1.6.8 (pp. 10-11); Subfactor 4 - Start-Up Plan (p. 32)	PWS 1.6.8 requires a National Agency Check with Inquiries and states that "successful clearance is required for an employee to continue working under this Contract," while Subfactor 4 requires vendors to assume full contractual responsibility within thirty (30) days of award. Please clarify: (a) whether contractor personnel may begin performance upon fingerprinting and initiation of the investigation, or only after favorable adjudication; (b) whether the temporary clearances referenced in PWS 1.6.7 will be used to enable start-up within 30 days; and (c) whether personnel holding a current, favorably adjudicated federal investigation will be accepted through reciprocity.	Personnel may begin performance after being cleared provisionally by the Department's Security Office, but prior to a favorable adjudication. Temporary clearances will be used to enable start-up. The Security Office will determine reciprocity for personnel already cleared.
9	Section 3 - Page Count (p. 31); PWS 5.0 Recruitment (p. 17)	The Instructions state that "resumes or narrative biographies of all key personnel are required and will not count toward the page limit," while PWS Section 5.0 provides that the Contractor will recruit and deliver candidate resumes to the COR for selection after award. Please clarify whether resumes are required at the time of quote for (a) the Contract Manager only, or (b) the Contract Manager and one Grants Lifecycle Specialists?	Only the Contracts Manager's resume is required. Grants Lifecycle Specialist resumes may be submitted after award during recruitment.
10	Section 3 - Page Count (p. 31); PWS 5.0 Recruitment (p. 17)	If Grants Lifecycle Specialist resumes are required, please indicate how many resumes are required with the proposal submission?	Grants Lifecycle Specialist resumes are not required.

11	Subfactor 3 - Corporate Experience (pp. 32, 34)	Subfactor 3 states that the Government will evaluate work experience of a similar nature, scope, complexity, and difficulty, but does not specify submission parameters. Please clarify: (a) the number of experience references vendors should submit; (b) any recency requirement (e.g., within the last three or five years); (c) any minimum dollar value or size threshold for relevance; (d) whether a specific format or reference data (customer name, contract number, point of contact, period of performance, dollar value) is required; and (e) whether the Government will consider experience of proposed subcontractors, affiliates, or predecessor entities.	There is no specific requirement for the number of experience references vendors must submit. There is no requirement for recency or minimum size, but the experience should be recent enough to be relevant and of a similar size to this requirement. There is no specific format to follow. The Government will not consider experience of proposed subcontractors, affiliates, or predecessor entities.
12	RFQ Quotation Submission (C) Page Count	Can the government exclude the cover and title pages, executive summary, and table of contents from the 25 page count limitation so offerors can effectively respond to all four subfactors?	No.
13	Technical Exhibit 2 - Deliverables Schedule (p. 22)	The Deliverables Schedule table between the Monthly Activity Report and Briefing entries, and the "# of Copies" column is blank for all deliverables. Please provide a corrected version of Technical Exhibit 2.	1 Copy for each deliverable. This will be updated.
14	Section B.1 Order Types (p. 4); PWS 1.4 (p. 9); PWS 1.6.6 Type of Contract (p. 10)	Section B.1 states that Fixed Price, Labor Hour, or Time and Materials orders may be issued against the BPA, while PWS 1.4 refers to "this Labor Hours contract" and PWS 1.6.6 states the Government contemplates award of a labor hours BPA. Please confirm the anticipated order type for the initial order issued at award, and whether vendors should assume Labor Hour pricing for evaluation purposes.	See revised PWS.
15	Subfactor 4 - Start-Up Plan / Phase-Out Plan (p. 32)	Subfactor 4 states that the Phase-Out Plan "shall provide phase-in support for	This refers to providing phase-out support in the future to a possible successor at the end of the period of performance.

		up to 90 days to the selected contractor if the incumbent contractor is not selected herein." Please clarify the Government's intent: whether this requires the vendor selected under this RFQ to provide phase-out support to a future successor at the end of the period of performance, or whether it addresses phase-in coordination with the current incumbent at the start of performance.	
16	RFQ B.10 Other Direct Costs (ODCs) and B.11 Travel	What ODCs and travel are required in support of this requirement and where in the Pricing Template should offerors put these line items?	There are no ODCs or travel costs required.
17	RFQ Volume II Price Quotation	Does the government want offerors to provide a cross walk from our GSA Schedule to DOL proposed LCATs? If so, will the government provide an updated Pricing Schedule.	Offerors can provide a crosswalk. No updated pricing schedule will be provided.
18	RFQ Volume II Price Quotation	What volume should offerors submit their Federal Supply Schedule contract in? Is it included in the page count for that volume?	Submit as a separate attachment. FSS schedule will not be considered a volume for quote submission purposes.
19	RFQ General	What is the NAICS code for this requirement?	541611
20	N/A	Is this a new opportunity or re-compete?	Re-Compete
21	N/A	Who is the incumbent?	Telling Your Story LLC dba High Impact Partners
22	Pg. 12 Section 1.6.11 Key Personnel	Are resumes required for only the two key personnel listed, one (1) Contract Manager and one (1) Grants Life Specialist? Or does the government require resumes for all 12 FTEs called out?	A resume is only required for the Contract Manager at the time of submission. Grants Lifecycle Specialist resumes will be submitted to the COR after award during recruitment.
23	Pg. 32 Subfactor 3: Corporate Experience	Is there a minimum or maximum number of experiences required?	No.
24	Section B.2, p. 4; Instructions to Vendors, pp. 30, 32	The RFQ requires that all labor categories be on the vendor's GSA Schedule and that the Government will not accept labor categories or rates exceeding the vendor's Schedule. The priced category in Schedule B is "Grants Lifecycle Specialist." Will the Government accept a labor category crosswalk	Yes, the government will accept a crosswalk submitted in Volume II.

		mapping an existing Schedule labor category to the Grants Lifecycle Specialist position description, where the Schedule category's education and experience qualifications meet or exceed the PWS minimums at Section 1.6.12.2? If so, should the crosswalk be submitted in Volume II with the corresponding Schedule pages highlighted?	
25	Section B.2, p. 4; Volume II, p. 32	Schedule B requires rates for the base period and four option periods, and Section B.2 establishes these as ceiling rates for all future orders. May vendors propose escalated rates in each option period consistent with the economic price adjustment provisions of their Schedule contract, or must a single rate be held firm from December 1, 2026 through November 30, 2031?	Yes. Vendors may propose rate escalations.
26	PWS Section 1.4, p. 9; Schedule B, pp. 7-8	PWS Section 1.4 states the current proposed level of effort is 1,880 to 22,560 hours for each year of the contract. Schedule B reflects 22,560 estimated hours for the base period, and the "Total Plus Options" line also reflects 22,560 hours. Please confirm the estimated hours for each period, and confirm whether the "Total Plus Options" quantity should reflect the sum across the base and all four option periods (112,800 hours).	Each option period estimates 22,560 hours. The total plus options quantity should reflect the total of 112,800 hours.
27	PWS Section 1.6.12, pp. 12-13; Schedule B, p. 7	The Contract Manager is identified as Key Personnel but does not appear as a priced labor category in Schedule B. Can the Government clarify the expected level of effort for this position? Specifically, please provide the estimated number of hours per month or level of effort anticipated.	The level of effort anticipated for the Contract Manager is between 10% and 25%.
28	Section B.5, p. 4; Section B.4, p. 4;	Will an initial order be issued concurrent with BPA award,	An order will not be issued concurrent with the BPA but will be initiated shortly after award.

	DOLAR 2952.232-70, p. 25	and if so, what are its anticipated estimated hours and period of performance?	
29	SF-18 Continuation Sheet, pp. 2-3	The anticipated option exercise date for CLIN 1001 is shown as 11/15/2028 for a period of performance beginning 12/01/2027, and CLINs 3001 and 4001 both show an anticipated exercise date of 11/15/2030. Please confirm or correct the anticipated option exercise dates for each option CLIN.	CLINs have been corrected to read as follows. CLIN 1001 - 11/15/27 CLIN 3001 – 11/15/29 CLIN 4001 – 11/15/30
30	Section B.2, p. 4; Attachment Table, p. 35	Section B.2 references Attachment C regarding Wage Determinations, but the Attachment Table identifies only Attachment 1 (Vendor Questions) and Attachment 2 (Price Estimate Table). Please provide Attachment C, or confirm that no wage determination applies.	See #6
31	PWS Section 1.6.2, p. 10; Technical Exhibit 1, p. 21	Will the Quality Assurance Surveillance Plan (QASP) referenced in PWS Section 1.6.2 be provided to vendors prior to the quote due date? Technical Exhibit 1 establishes a threshold of "no more than 2 validated complaints or concerns," and vendors would benefit from the QASP's definition of a validated complaint, surveillance frequency, and minimum acceptable defect rates.	No. The QASP will be finalized upon award.
32	Section B.2, p. 4; PWS Section 1.6.5, p. 10	Section B.2 states that Service Contract Labor Standards Act applicability will be analyzed at the order level. Has the Government made a preliminary determination as to whether the Grants Lifecycle Specialist position is subject to the SCLSA, or whether it is exempt as a bona fide administrative or professional position? Because Schedule B rates become ceiling rates for the full 60 months, this determination materially affects the rates proposed.	Grants Lifecycle Specialist position is exempt from SCLSA requirement.

33	Volume I, Subfactor 4, p. 32	Subfactor 4 requires phase-in support of up to 90 days "if the incumbent contractor is not selected herein." Can you provide the incumbent contractor name and the incumbent contract or BPA number?	This Subfactor refers to the support of a future contractor at the end of this contract period of performance, i.e., in 2031.
34	Volume I, Subfactor 4, p. 32; PWS Section 5.0, p. 17	May the successful vendor recruit and retain personnel currently performing this effort under the incumbent contract? Please confirm there is no restriction on hiring incumbent staff, and state whether any right-of-first-refusal obligation applies.	Yes.
35	PWS Section 1.4, p. 9; PWS Section 5.0, p. 17	How many Grants Lifecycle Specialists are currently on board supporting OGM, VETS, and ILAB?	9
36	PWS Section 1.6.8, p. 11; Volume I, Subfactor 4, p. 32	Subfactor 4 requires assumption of full contractual responsibility within thirty days of award, while Section 1.6.8 requires a National Agency Check with Inquiries and HSPD-12 badging for all contractor staff. What is DOL's current average processing time for NACI adjudication and badge issuance, and may contractor personnel begin performance under a temporary clearance while the full investigation is pending?	Personnel may begin performance under temporary clearance before full adjudication. The process typically takes no more than two weeks.
37	Page Count table, p. 31	Resumes or narrative biographies of all key personnel are required and excluded from the page limit. Given that both the Contract Manager and the Grants Lifecycle Specialist are designated key personnel, how many Grants Lifecycle Specialist resumes does the Government expect with the quotation - one representative resume, or one resume per proposed full-time equivalent?	Only the Contracts Manager’s resume is required. Grants Lifecycle Specialist resumes may be submitted after award during recruitment.
38	PWS Section 1.6.5, p. 10; Section B.9, p. 5	PWS Section 1.6.5 identifies the place of performance as ETA headquarters "and the six regional offices," but only	No onsite work will be performed at the regional offices, only at the ETA Headquarters site in Washington, DC.

		the Washington, DC address is provided. Please identify the six regional office locations and the anticipated distribution of estimated hours or personnel by location.	
39	PWS Section 1.6.5, p. 10; DOLAR 2952.207-70, p. 23	PWS Section 1.6.5 authorizes telework only in emergency situations as directed by the CO or COR. Is any portion of this requirement eligible for routine hybrid or remote performance? If performance is fully on-site at the Frances Perkins Building?	Grants Lifecycle Specialists may work on a hybrid schedule. Remote performance may be allowable in some situations if deemed necessary and advantageous to the Government.
40	Volume I, Subfactor 3, p. 32; Evaluation Criteria, p. 34	Subfactor 3 requires work experience of a similar nature, scope, complexity, and difficulty. How many experience examples will the Government evaluate, and what recency window applies? Will experience performed by the vendor as a subcontractor, and experience of proposed teaming partners or affiliates, be evaluated as the vendor's corporate experience?	There is no specific requirement for the number of experience references vendors must submit. There is no requirement for recency or minimum size, but the experience should be recent enough to be relevant and of a similar size to this requirement. There is no specific format to follow. The Government will not consider experience of proposed subcontractors, affiliates, or predecessor entities, but performance of the vendor as a subcontractor or affiliate may be considered.
41	Volume I, Subfactor 3, p. 32	For purposes of Subfactor 3, does the Government consider direct federal grants lifecycle execution experience essential to a rating of Acceptable or higher, or will comparable federal acquisition lifecycle and professional staff augmentation experience of similar magnitude, complexity, and on-site federal placement be evaluated as relevant?	Comparable experience may be evaluated as relevant if the experience is determined to be similar in nature, scope, complexity, and difficulty.
42	DOLAR 2952.209-70, p. 23	The RFQ incorporates DOLAR 2952.209-70, Organizational Conflict of Interest - Exclusion From Future Agency Contracts. Please describe the anticipated scope and duration of the resulting restriction. Specifically, would performance under this BPA preclude the vendor from competing for other contracts or orders issued by	No, the scope of the RFQ does not require performance that meets the DOLAR 2952.209-70 provided examples that would create Organizational Conflict of Interest.

		DOL, ETA, VETS, ILAB, or OGM, and would it preclude the vendor or its affiliates from applying for or supporting ETA federal assistance awards during and after the period of performance?	
43	Page Count table, p. 31; Volume I, Subfactor 4, p. 32	Volume I is not to exceed 25 pages including cover pages, title pages, executive summary, table of contents, narratives, charts, tables, diagrams, and appendices. Do the required Start-Up Plan, Phase-Out Plan, and any supporting staffing matrices or schedules count against the 25-page limit, or may they be submitted as excluded appendices in the manner of key personnel resumes?	Yes. The requirements will count against the 25-page limit.
44	PWS Section 1.6.5, p. 10; PWS Section 1.6.12, p. 13	PWS Section 1.6.5 establishes hours of operation of 8:30 a.m. to 5:00 p.m., while Section 1.6.12 requires the Contract Manager or alternate to be available from 8:00 a.m. to 4:30 p.m. Please confirm which window governs Contract Manager availability.	The Contract Manager must be available from 8:00 AM to 4:30 PM.
45	PWS Section 5.1, pp. 17-18; Part 3, p. 15	The position description requires proficiency in GrantSolutions and other DOL financial reporting systems. Will the Government provide system access, system specific training, and the internal Standard Operating Procedures referenced in Section 1.6.12 to contractor staff following award, and is that training counted as regular hours worked under DOLAR 2952.242-71?	Yes. There will be training provided to the contractor staff following award during regular hours worked.
46	General	Is there an incumbent contractor performing this or a predecessor requirement? If so, will the Government please provide the contract number, current contract value, and current staffing level?	Yes. The contract number is 1605C2-21-C-0014. The value is approximately $4,500,000. The staffing level is for 9 FTE’s.

47	PWS 1.6.5, Hours of Operation / Place of Performance / Page 10	PWS 1.6.5 states that the place of performance shall be the U.S. Department of Labor, Employment and Training Administration headquarters and the six regional offices, but identifies only the headquarters address. Will the Government please identify the six regional office locations and the anticipated distribution of the estimated annual hours across headquarters and each regional office?	No onsite work will be performed at the regional offices, only at the ETA Headquarters site in Washington, DC.
48	PWS 1.6.12, Key Personnel / Page 12 Section 3.C, Page Count / Page 31 Attachment 2 - Price Estimate Table	PWS 1.6.12 designates the Contract Manager as key personnel, and Section 3.C requires a resume or narrative biography for all key personnel. However, Schedule B and Attachment 2 contain no line item for the Contract Manager. Should the cost of the Contract Manager be included within the fully burdened Grants Lifecycle Specialist rate, or will the Government add a separate line item for that position?	The Contract Manager should not be priced separately and should be considered an overhead cost.
49	Section B.5, Estimated Value / Page 4	Section B.5 states that the aggregate value of all orders made against this BPA shall not exceed "$TBD." Will the Government please provide the anticipated aggregate ceiling value for the BPA?	No. The ceiling value will be determined at award.
50	Section 3.C, Page Count / Page 31 PWS 1.6.12, Key Personnel / Page 12	Section 3.C states that "resumes or narrative biographies of all key personnel are required." Given that the estimated level of effort supports approximately twelve Grants Lifecycle Specialist full-time equivalents, will the Government please confirm whether resumes are required for each proposed individual, or whether a single representative narrative biography for the Grants Lifecycle Specialist labor category is acceptable?	Only the Contracts Manager’s resume is required. Grants Lifecycle Specialist resumes may be submitted after award during recruitment.

51	PWS §1.4 Scope / Schedule B, pgs. 7, 9	The PWS indicates that the anticipated annual requirement may range from approximately **1,880 to 22,560 labor hours**. Please provide the Government's current estimate of the number of Grant Lifecycle Specialists/FTEs expected during the Base Period and, if available, the anticipated distribution of hours among OGM, VETS, and ILAB. This information will help offerors develop an appropriately scalable staffing model.	It is estimated that there will be 12 specialists during the base period. These will be split evenly among the three components, 4 each.
52	PWS §1.6.5 – Hours of Operation/Place of Performance, pg. 10	Please clarify the anticipated work locations for personnel supporting **OGM, VETS, and ILAB**, including the approximate number of personnel expected at each location. Will any work be permitted remotely or under DOL telework/hybrid policies, or should offerors assume that all Grant Lifecycle Specialists will perform work onsite?	Grants Lifecycle Specialists may work on a hybrid schedule. Remote performance may be allowable in some situations if deemed necessary and advantageous to the Government. Work will be performed at the ETA Headquarters in Washington, DC.
53	PWS §1.4 Scope / §5.0 Recruitment and Provision of Support Personnel, pgs. 9, 17	Because workload may vary significantly over the BPA period, how much advance notice does the Government anticipate providing when additional Grant Lifecycle Specialists are required? Does DOL have a desired timeframe for filling new or surge staffing requirements after notification?	The Government will provide notice based on staffing needs for recruitment of Grants Lifecycle Specialists. From notice until onboarding, the Government desires a timeframe of 30 days for recruitment.
54	PWS §1.6.12 / Instructions – Page Count, pgs. 12–13, 31	The RFQ identifies the **Contract Manager and Grant Lifecycle Specialist** as key positions and permits two-page resumes/biographies. Please clarify whether the Government requires a resume for **one representative Grant Lifecycle Specialist**, every Grant Lifecycle Specialist proposed at quotation submission, or only those personnel designated as Key Personnel.	Only the Contracts Manager's resume is required. Grants Lifecycle Specialist resumes may be submitted after award during recruitment.

55	Schedule B – Price Schedule / Volume II Price Quotation, pgs. 7, 32	To confirm, this is a new BPA designation by the U.S. Department of Labor?	Yes.
56	Section B / Price Schedule (pp. 7-8) and PWS 1.6.12 Key Personnel (pp. 12-13)	The Price Evaluation Table and Schedule B price only for the Grants Lifecycle Specialist labor category (22,560 hours per period). The PWS designates both a Contract Manager and Grants Lifecycle Specialist as Key Personnel. Does the Government intend that one of the Grants Lifecycle Specialists also serve as the Contract Manager (i.e., dual-hat), or should the Contract Manager be proposed as a separate (unpriced) position? Please clarify how the Contract Manager labor is to be accounted for in the quotation.	The Contract Manager should be a separate, unpriced position.
57	Schedule B / Attachment 2 Price Evaluation Table	The estimated hours are 22,560 per year for the Grants Lifecycle Specialist. Please confirm: (a) Does this figure represent the total annual hours for all Specialists combined? (b) What is the anticipated concurrent headcount (number of full-time equivalent Specialists) at steady state? (c) How are these hours expected to be distributed between the Frances Perkins HQ and the six ETA regional offices?	Yes. The total accounts for all 12 Specialists combined. No work will be performed at the regional offices, only at the Frances Perkins Building.
58	PWS 1.6.5 Hours of Operation/Place of Performance (p. 10) and B.9 Delivery and Place of Performance	Please provide the expected distribution of personnel between the Frances Perkins Building (Washington, DC) and each of the six ETA regional offices. Will all positions be primarily on-site, or is a hybrid model anticipated for any locations?	Grants Lifecycle Specialists may work on a hybrid schedule. Remote performance may be allowable in some situations if deemed necessary and advantageous to the Government. Work will be performed at the ETA Headquarters in Washington, DC.
59	PWS 1.6.12 Key Personnel and 5.0 Recruitment and Provision of Support Personnel	The PWS states that the Contractor shall deliver resumes of qualified candidates to the COR for selection. Are Key Personnel resumes (Contract Manager and proposed Grants Lifecycle Specialist(s))	The Contract Manager resume should be provided as part of the initial quotation.

		required as part of the initial quotation, or only after award when the COR selects candidates?	
60	Section 3 – Instructions to Vendors / Evaluation Factors (pp. 30-34)	For Subfactor 3 (Corporate Experience), is there a preferred number of past performance/contract citations, and may experience of the proposed subcontractor (VMSI) be included and evaluated as part of the prime's corporate experience?	There is no preferred number of past citations. Experience of a proposed subcontractor may not be included and evaluated as part of the prime's corporate experience.
61	PWS 5.1 Grants Life Cycle Specialist Position Description and 1.6.12.2 Qualifications	Beyond the stated minimum qualifications (bachelor's degree or 4 years relevant experience + MS Office/Adobe proficiency), does the Government have a preference or evaluation credit for prior hands-on experience with GrantSolutions, federal grants closeout/audit resolution, or USASpending data validation?	Prior experience with grant solutions and with grants management is preferable for staff but not required.
62	eBuy Summary vs. SF-18 / Continuation Sheets	The eBuy summary lists Vendor Inquiry questions due 10:00 a.m. ET on August 26, 2026, while the SF-18 and Continuation Sheets state August 25, 2026. Please confirm the correct deadline for submission of questions.	August 26, 2026
63	PWS 1.6.7 / 1.6.8 Security Requirements and Background Investigations	What is the expected timeline for NACI background investigation processing after candidate selection by the COR? Will the Government authorize temporary clearances or interim access so that selected personnel can begin work while the NACI is pending?	Temporary clearances are authorized. It is expected that temporary clearances be granted within 30 days of submission to the DOL Security Office for processing.
64	Section B / Price Schedule (pp. 7-8) and PWS 1.6.12 Key Personnel (pp. 12-13)	The PWS designates both a Contract Manager and Grants Lifecycle Specialist as Key Personnel. Can the government please clarify if all Grants Lifecycle Specialists are Key positions or if only one Grants Lifecycle Specialist shall be designated as key.	All Grants Lifecycle Specialists are considered Key Personnel.
65	PWS §5.1 (p.17); §1.1 (p.9)	PWS Section 5.1 directs Grants Lifecycle Specialist	The requirement is intended to function as a staffing/staff augmentation arrangement.

		staff to perform recurring tasks "as directed" and "with limited guidance" from Government personnel (e.g., pre-award panel facilitation, audit resolution determinations, closeout actions). Given this level of task-level direction, can the Government confirm whether this requirement is intended to function as a staffing/staff augmentation arrangement, with Government personnel providing day-to-day task assignment and technical direction of Contractor staff, or whether the Contractor's Contract Manager will receive Government direction at the deliverable/output level and retain responsibility for assigning and directing the day-to-day work of Contractor staff?	
66	PWS §1.6.12 (p.12); Attachment 2	Section 1.6.12 designates the Grants Lifecycle Specialist as Key Personnel, while the Price Estimate Table (Attachment 2) reflects a single labor category staffed at approximately 22,560 hours annually (approximately 12 FTEs at the 1,880-hour ceiling per Section 1.4). Please confirm whether the Key Personnel designation, and the associated resume/narrative biography requirement, applies to one lead Grants Lifecycle Specialist position or to each individual filling a Grants Lifecycle Specialist position under the BPA.	It applies to each individual Grants Lifecycle Specialist.
67	PWS §1.6.12 (p.12); Attach. 2	Section 1.6.12 identifies a Contract Manager as Key Personnel with distinct qualifications, but Attachment 2 (Price Estimate Table) includes only one labor category, Grants Lifecycle Specialist. Please kindly clarify the Government’s expectation.	The Government expects an employee of the contractor to act as the Contract Manager but does not expect this position to separately priced.

68	§B.2 (p.4); Attachment Table (p.35)	Section B.2 states that a Wage Determination will be issued as Attachment C if SCLSA is later determined applicable at the order level. The Attachment Table on page 35, however, does not list an Attachment C among the RFQ's attachments. Can the Government confirm this omission is intentional (i.e., Attachment C will only be added if and when triggered at the order level), or whether an Attachment C should have been included with this RFQ?	See #6
69	RFQ §3, Volume I: Technical, Subfactor 3 (p.34)	Subfactor 3 (Corporate Experience) does not specify a minimum or maximum number of contract references to be submitted. Can the Government confirm the expected number of references?	There is no minimum number of references.
70	PWS Section 1.6.12, p. 12 / Schedule B, p. 7 / Attachment 2	PWS Section 1.6.12 designates a Contract Manager as key personnel, and Schedule B and Attachment 2 contain a single labor category, Grants Lifecycle Specialist. Please clarify how Contract Manager labor is to be reflected in the Attachment 2 pricing table.	The Contract Manager should not be priced separately and should be considered an overhead cost.
71	Schedule B, p. 7 / Attachment 2 / PWS Section 1.4, p. 9	Schedule B and Attachment 2 show 22,560 estimated hours for the base period and each option period, while PWS Section 1.4 states that the current proposed level of effort is 1,880 to 22,560 hours for each year of the contract. Please confirm that vendors are to use 22,560 hours for each period in Attachment 2 for price evaluation, and clarify how the range stated in PWS Section 1.4 applies.	Vendors should use 22,560 hours for the price evaluation. The range covers 1 FTE (1,880 hours) to 12 FTEs (22,560 hours) to allow the Government to expand or reduce the staffing as needed.
72	PWS Section 1.6.5, p. 10 / PWS Section 3.3, p. 15 / Section B.2, p. 4	PWS Section 1.6.5 states that the place of performance shall be the Employment and Training Administration headquarters and the regional offices. PWS Section 3.3 separately provides for	Yes, Contractor Site provision in PWS Section 3.3 and Section B.2 apply to the BPA as the parent vehicle for orders placed against the BPA.

		Contractor Site workspace furnished by the contractor, and Section B.2 states that the rates represent fully burdened rates for work performed at Government sites and Contractor sites. Please clarify whether the Contractor Site provisions in PWS Section 3.3 and Section B.2 apply to this requirement.	
73	PWS Section 1.6.12.2, p. 13 / PWS Section 3.1, p. 15 / Section B.10, p. 5	PWS Section 1.6.12.2 requires the Grants Lifecycle Specialist to be proficient in Microsoft Office and Adobe Acrobat. PWS Section 3.1 provides Government-furnished laptop computers, accessories, and network connectivity for personnel performing work on Government premises but does not address software, and Section B.10 identifies software as an Other Direct Cost. Please clarify whether the Microsoft Office and Adobe Acrobat licenses required on Government-furnished equipment will be Government-furnished.	Yes. Licenses will be provided.
74	Section 3, Quotation Submission, C. Page Count, p. 31 / PWS Section 1.6.12, p. 12 / PWS Section 5.0, p. 17	Section 3 requires resumes or narrative biographies of all key personnel, and PWS Section 1.6.12 designates both the Contract Manager and the Grants Lifecycle Specialist as key personnel. PWS Section 5.0 states that the Contractor delivers candidate resumes at the COR's request and that the COR selects the candidates. Please identify which positions require resumes with the quotation and the number of resumes required for each position.	Only the Contract Manager resume should be provided as part of the initial quotation.
75	Section 3, Volume I - Technical, Subfactor 4, p. 32 and p. 34	Section 3 at page 32 states that the Government will evaluate the Phase-Out Plan, while the Subfactor 4 evaluation criteria at page 34 describe only the Start-Up Plan. Please confirm whether a Phase-Out Plan is required in Volume I and whether it	Yes. The Phase-Out Plan is required and will be evaluated under Subfactor 4.

		will be evaluated under Subfactor 4.	
76	Section B.2, p. 4 / Attachment Table, p. 35	Section B.2 refers vendors to Attachment C for Wage Determinations. The Attachment Table at page 35 lists only Attachment 1 and Attachment 2, and no Attachment C was included in the solicitation package. Please provide the referenced Attachment C or clarify the wage determination requirement applicable to this RFQ.	See #6 response.
77	Section B.5, p. 4	Section B.5 states that the aggregate value of all orders made against this BPA shall not exceed "$TBD." Please state the maximum aggregate value applicable to this BPA.	The ceiling value will be determined at award.
78	General	Is there an incumbent performing under this contract? If so, what is the contract number and value?	Yes. The Contract # is 1605C2-21-C-0014. The value is approximately $4,500,000.
79	General	Is the incumbent eligible to recompete for this requirement?	Yes.
80	Section3, Subfactor 3, p.32	Subfactor 3 (Corporate Experience) requires offerors to demonstrate experience of a similar nature, scope, complexity, and difficulty to the contemplated effort. Could the Government please clarify whether offerors should provide specific past performance/corporate experience references? If so, is there a maximum or recommended number of references to be included, and are there specific details (e.g., contract number, customer, period of performance, contract value, scope of work, outcomes, and points of contact) that should be provided for each reference?	Yes. Please provide specific experience references. There is no maximum or recommended number or specific details required.
81	Section3, Subfactor 3, p.32	Under Subfactor 3 (Corporate Experience), may offerors include experience performed under commercial contracts to demonstrate work of a similar nature, scope, complexity, and difficulty to the contemplated effort?	Yes.

82	Section3, Subfactor 3, p.32	May offerors include subcontractor experience references under the applicable Corporate Experience, or must all references reflect the Prime Quoter's own experience?	No. The experience must reflect the Prime Quoter's own experience.
83	Section 1 PWS, 1.6.12, p.12	Could the Government please confirm whether the requested Key Personnel positions consist of two roles: Contract Manager and Grants Lifecycle Specialist?	Yes. The Contract Manager should be separate from the Grants Lifecycle Specialists.
84	Section 1 PWS, 1.6.12, p.12	Are the proposed Key Personnel required to be U.S. citizens and whether any specific security clearance is required for these positions?	Yes. They must also pass a background check investigation by the DOL Security Office.
85	Section 1 PWS, 1.6.12, p.12	For the proposed Key Personnel, is it mandatory that they be current employees of the Offeror at the time of proposal submission, or may the Offeror propose contingent hires or personnel who will be onboarded upon contract award?	Key Personnel do not have to be employees at the time of submission.
86	Section 1 PWS, 1.6.12, p.12	Can the government confirm if along with resume, Letter of Commitment (LOC) has to be submitted for each proposed Key Personnel? If so, will it be excluded from the page count?	No. A LOC is not required.
87	General	Would the Government consider extending the submission deadline for this opportunity, given the scope and the time required for a thorough response?	No.
88	PWS 1.4 Scope / p. 9	The PWS states that the current proposed level of effort is 1,880-22,560 hours for each year of the contract and that this level is based on a ceiling of 1,880 hours per Contractor staff each year. Please clarify the anticipated number of Grants Lifecycle Specialist FTEs the Government expects to order during the base period and each option period, and whether vendors should assume a specific staffing level for purposes of the	The expected number is 12 FTEs (22,560 / 1,880 = 12).

		Technical and Price Quotations.	
89	PWS 1.6.5 Place of Performance / p. 10	The PWS identifies ETA Headquarters and six regional offices as places of performance. Please identify the six regional office locations and indicate the anticipated number of contractor personnel required at each location, including ETA Headquarters.	Work will only be performed at the ETA Headquarters in Washington, DC.
90	PWS 1.6.5 Place of Performance / p. 10	The PWS states that telecommuting/work at home may be authorized for emergency situations. Please confirm whether the Government intends this requirement to be primarily on-site during normal operations, or whether routine remote/telework/hybrid work may be authorized at the order level.	Routine telework (hybrid environment) may be authorized. Remote work may be authorized in some situations.
91	PWS 1.12 Key Personnel / pp. 12-13; RFQ Volume I Technical / pp. 34-35	The RFQ identifies the Contract Manager, Grants Lifecycle Specialist as Key Personnel and states that resumes or narrative biographies of all key personnel are required. Please confirm that only the Contract Manager resume is required with the quotation. Or will contractors be required to submit resumes for Grants Lifecycle Specialists as well? If so, how many resumes are required?	Only the Contact Manager resume is required with the quotation.
92	PWS 5.0 Recruitment and Provision of Support Personnel / p. 17; Volume I Subfactor 4 / pp. 34	The Technical Quotation requires a Start-Up Plan that assumes full contractual responsibility within 30 days of award. Please clarify the Government's expected staffing milestones during this 30-day period, including whether all ordered positions must be fully staffed and cleared by Day 30 or whether phased onboarding is acceptable.	Phased onboarding is acceptable.
93	PWS 1.6.8 Background	Please provide the typical Government processing time for the required	Personnel can begin work with an interim clearance. Typical processing time is no longer than 30 days.

	Investigations / pp. 11	NACI/background investigation, PIV/access credentials, and system access for new contractor personnel. Will personnel be permitted to begin any non-system-dependent work while investigations or access provisioning are pending?	
94	PWS 5.0 / p. 17; Volume I Subfactor 4 / pp. 34	Is this requirement currently supported by an incumbent contractor? If so, please provide the incumbent contractor name, current contract/order number, current staffing level by location, and whether incumbent personnel are expected to be available for recruitment by the successful vendor.	Telling Your Story LLC dba High Impact Partners is the incumbent. The contract # is 1605C2-21-C-0014. The staffing level is 9 FTEs. Location is at the Frances Perkins Building in Washington, DC. The incumbent personnel are expected to be available for recruitment.
95	Volume I Technical - Subfactor 3 Corporate Experience / p. 34	Please clarify the number of corporate experience examples the Government expects vendors to submit under Subfactor 3.	There is no set requirement for the number of experiences.
96	Volume I Technical - Subfactor 3 Corporate Experience / p. 34	Please clarify the recency period, if any, that the Government will use to determine whether corporate experience is considered relevant.	There is no set requirement for the recency of experience.
97		Is the Contract Manager required to work at the client site and its hours included within the 22,560 - hour requirement?	No.
98	eBuy Request Details	Could the Government confirm that vendors are limited to those having an SBA-certified WOSB designation, per the eBuy Request Details?	Yes. This is a 100% WOSB Set Aside.
99	RFQ 1.4 Scope/Page 9; 1.6.12 Key Personnel/Page 12	The Scope indicates that the minimum number of hours per year is 1,880, or one FTE. However, the Government has designated two key personnel (Contract Manager, Grants Lifecycle Specialist) to this effort. Could the Government clarify the expected number of hours for each Key Personnel position listed?	The Contract Manager position should be considered an unpriced position and should not be included in the 22,560 hour per year estimate.

100	1.6.12 Key Personnel/Page 12; Attachment 2, Price Evaluation Table	The Price Evaluation Table includes only one Labor Category. Does the Government anticipate that the Contract Manager will also work under the "Grants Lifecycle Specialist" labor category?	No. The Contract Manager is a separate, unpriced position.
101	Attachment 2 - Pricing columns	Please provide the intended definitions and calculation methodology for the columns labeled GSA Rates, Discount, Order Rates, and Total, including whether the discount should be entered as a percentage, a dollar amount, or both.	GSA Rates: The established labor rates published on the vendor's Federal Supply Schedule (FSS) contract. Discount: The RFQ encourages vendors to offer discounts from their established FSS Schedule rates. Any discount offered shall be entered as a percentage (%) reduction from the applicable GSA/FSS Schedule rate. Order Rates: The Order Rates are the final discounted rates proposed for this requirement after applying the vendor's proposed percentage discount to its established GSA/FSS Schedule rates.
102	Attachment 2 - Price evaluation	Will evaluated price consist of the base period plus all four option periods, for a total evaluated quantity of 112,800 hours?	Yes.
103	RFQ/PWS and Attachment 2	Are the stated hours estimates only, with payment based on actual hours ordered and performed, or will the resulting order establish fixed annual labor-hour quantities?	Yes. They are estimates and payment will be based on the actual hours worked.
104	RFQ/PWS - Personnel qualifications	Please identify any minimum education, years of experience, grants-management experience, certifications, or equivalency rules applicable to the Grants Lifecycle Specialist position.	A minimum of a bachelor's degree and/or 4 years of relevant experience is required.
105	Attachment 2 - Option periods	Should vendors apply fixed annual escalation to option-period rates, use their currently approved GSA MAS option-year rates, or propose fixed order-level rates for the entire five-year period?	Vendors may provide escalated rates.
106	Attachment 2 - Non-labor costs	Are travel, training, equipment, supplies, and other direct costs expected? If so, should these costs be included in the hourly rates or priced and reimbursed separately?	No.
107	RFQ/PWS - Estimated hours	Does the 22,560-hour estimate include transition, overtime, holiday coverage, surge requirements, or after-hours support? If overtime may be required, how should it be priced?	No. Overtime is not expected to be required.

108	RFQ/PWS - Workload	Please provide historical workload information, transaction volumes, service-level metrics, current staffing levels, and known backlogs that vendors should use to develop their staffing approach.	The current staffing level is 9 FTEs. The lowest level was 6 FTEs, and the expected ceiling is 12 FTEs.
109	RFQ/PWS - Incumbent information	Is this requirement currently being performed by an incumbent? If so, please identify the incumbent contract number and whether incumbent personnel are available for retention.	Yes. The contract # is 1605C2-21-C-0014. The incumbent personnel are expected to be available for recruitment.
110	General / Solicitation Document	Portions of the released PDF solicitation document (**A19-SOL - 1605C2-26-Q-00042_8.20.26.pdf**) contain font encoding/garbled text issues across several tables and instruction pages. Could the Government please re-issue a clean, uncorrupted PDF or Word version of the RFQ?	CS went to GSA website and checked what was posted. There was no apparent garbled text.
111	Section L / General Instructions (p. 30)	Section L states that Volume I (Technical Proposal) has a 20-page limit. Could the Government clarify which elements are excluded from this page count (e.g., Cover Page, Table of Contents, Acronym List, Compliance Matrix, Resumes, Letters of Commitment, and Past Performance Questionnaires)?	Volume I may not exceed 25 pages, including cover pages, title pages, executive summary, table of contents, narratives, charts, tables, diagrams, and appendices.
112	Section L & Attachment 2 (Price Evaluation Table)	Attachment 2 lists 22,560 Estimated Hours per period for the single labor category *"Grants Lifecycle Specialist"*, while PWS Section 1.0 references 1,880 productive hours per staff year. Can the Government confirm that the required core staffing level is 12 FTEs (22,560 hours ÷ 1,880 hours)?	Yes. There should be 12 FTEs as the expected ceiling.
113	PWS Section 2.0 (Management / Key Personnel) & Attachment 2 (Price Evaluation Table)	Labor Category Structure & Project Manager Allocation: The PWS explicitly mandates that the contractor provide a **Project Manager (PM)** (and **Alternate PM)**	The contract manager is expected to be provided as unbilled overhead.

		responsible for operational oversight, monthly progress reporting, transition management, and quality control. However, Attachment 2 (Price Evaluation Table) lists only a single direct labor category: "Grants Lifecycle Specialist" for 22,560 estimated hours per period. Could the Government please clarify: 1. Is the Project Manager intended to be direct-billed against the contract? If so, will the Government update Attachment 2 to include a separate line item and estimated hours for the PM labor category, or should offerors add this LCAT to Attachment 2 2. If Attachment 2 remains limited to the single "Grants Lifecycle Specialist" LCAT, does the Government expect the PM's hours to be billed under that single labor category, or is the PM function expected to be provided as unbilled/indirect overhead?	
114	Attachment 2 (Price Evaluation Table)	Are offerors permitted or required to propose additional labor categories (e.g., Project Manager, Quality Assurance Lead, or Senior Grants Specialist) within Attachment 2, or must all pricing and hours strictly adhere to the single "Grants Lifecycle Specialist" line item?	Pricing and hours must strictly adhere to the single Grants Lifecycle Specialist line.
115	Section L / Past Performance (p. 32)	Could the Government clarify the specific submission requirements for Past Performance, including:	There is no maximum or minimum requirement, and no recency period required. CPARS reports are sufficient.

		(a) the minimum/maximum number of past performance references allowed, (b) the recency period (e.g., completed within the past 3 or 5 years), and (c) whether Past Performance Questionnaires (PPQs) are required or if CPARS reports are sufficient?	
116	PWS / Place of Performance	What is the expected work location for contractor personnel? Is this requirement 100% remote/telework-eligible, or is onsite performance required at the Frances Perkins Building in Washington, DC or regional offices?	It is expected that contractors will work on a hybrid schedule. Remote performance may be allowable in some situations.
117	PWS / Security & Suitability Clearance	What level of security clearance / background investigation (e.g., Public Trust / Moderate Risk Background Investigation) is required for contractor personnel prior to onboarding, and will interim clearances be granted to support the 30-day transition timeline?	Interim clearances will be granted, and background investigation does need to be performed. A Public Trust clearance is not required.
118	Section L / Section 4.0 Transition Plan	Section 4.0 specifies a Phase-In/Transition period of up to 30 days and Phase-Out of up to 60 days. Is the 30-day transition included within the 12-month Base Period hours/pricing, or is transition billed under a separate CLIN?	The 30-day transition is included within the 12-month base period.
119	General / Incumbent Information	Is this requirement a follow-on to an existing contract? If so, could the Government provide the incumbent contractor name, current contract/task order number, and historical level of effort?	Yes. The incumbent is Telling Your Story LLC dba High Impact Partners. The contract # is 1605C2-21-C-0014 with a staffing level is 9 FTEs.
120	General	Would the Department grant a one (1) week extension for the proposal due date (September 16th) to allow adequate processing and answers to the questions?	No.
121	PWS Section 1.0 / Scope & Place of Performance	Regional Support & Resource Allocation: The PWS outlines support requirements across multiple	All staff will be assigned to the Headquarters location and not the regional offices.

		DOL/ETA regional offices and processing centers. Could the Government please clarify the expected distribution of effort across each region/location, specifically: 1. What is the anticipated staffing level (or estimated percentage of FTEs / hours) required to support each designated region or processing center? Will contractor personnel assigned to regional support be required to perform onsite within specific regional offices/time zones, or can regional support be delivered remotely/virtually from a centralized location?	
122	PWS Section 1.0	Does the Government have historical workload metrics, active grant counts, or anticipated transaction volumes broken down by region/office to assist offerors in tailoring their regional staffing and coverage plan?	All staff will be assigned to the Headquarters' location and not the regional offices.
123		Can you confirm which labor category/PSC on RDA's GSA schedule should map to "Grants Lifecycle Specialist," since Volume II pricing depends on it —	Vendor would have to perform a cross-walk of the Grant Lifecyle Specialist labor category duties to their FSS labor category.
