AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT

1. CONTRACT ID CODE	PAGE OF PAGES
	1 8

2. AMENDMENT/MODIFICATION NO.	3. EFFECTIVE DATE	4. REQUISITION/PURCHASE REQ. NO.	5. PROJECT NO. *(If applicable)*
0002	10/27/2026		

6. ISSUED BY CODE R2

Region 2
US Environmental Protection Agency
Contracts Management Section
290 Broadway - 27th Floor
New York NY 10007-1866

7. ADMINISTERED BY *(If other than Item 6)* CODE

8. NAME AND ADDRESS OF CONTRACTOR *(No., street, county, State and ZIP Code)*

CODE FACILITY CODE

(x) 9A. AMENDMENT OF SOLICITATION NO.
68HE0227Q0001

x 9B. DATED *(SEE ITEM 11)*
10/07/2026

10A. MODIFICATION OF CONTRACT/ORDER NO.

10B. DATED *(SEE ITEM 13)*

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☒ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☒ is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended , by one of the following methods: (a) By completing Items 8 and 15, and returning 1 copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted ; or (c) By separate letter or electronic communication which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted , such change may be made by letter or electronic communication, provided each letter or electronic communication makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	
	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
	D. OTHER *(Specify type of modification and authority)*

E. IMPORTANT: Contractor ☐ is not ☐ is required to sign this document and return _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

Title: EQuIS/SUPERFUND COMPUTER SOFTWARE SUPPORT SERVICES.
Set aside Women-Owned Small Business (WOSB)
Eligible Under the WOSB Program.
GSA e-Buy RFQ system number: RFQ1806865.
Payment Method: The Government will process payments in arrears. No advance payments.

Except as provided herein, all terms and conditions of the document referenced in Item 9 A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER *(Type or print)*		16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)*	
		Freya Mattos	
15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)		*(Signature of Contracting Officer)*	

SOLICITATION AMENDMENT DESCRIPTION
68HE0227Q0001/AMENDMENT 0002

NOTE: See the Standard Form 30 attachment for Amendment 2.

The purpose of Amendment 0002 is to update the Request for Quote (RFQ) package to refine contract parameters and update FAR clauses. The specific updates incorporated via this amendment are detailed as follows:
• FAR Clause 52.212-2 Evaluation—Commercial Products and Commercial Services (NOV 2021) (RFO DEV AUG 2025): To reflect the updated pricing instructions.
• 5. Volume 3: Price, Section 5.1, Instructions to Offerors (Pricing): Productive Hour Baseline; Removed the parenthetical phrase "(averaging 156 hours per month)" from the productive hour baseline text originally introduced in Amendment 0001.

All other terms, conditions, and provisions of the original RFQ remain unchanged and in full force and effect.
Offerors must acknowledge receipt of Standard Form (SF) 30 for Amendment 0002 (Sol. No. 68HE0227Q0001) by ensuring it is signed and returned within their final proposal volumes submitted via the GSA eBuy platform prior to the closing deadline.

Section 4 - Section 4 was revised as follows.

Summary of Clause Changes:

Clause 52.212-2 is incorporated as follows:

RFO 52.212-2 EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES. (NOV 2021) (RFO-DEV AUG 2025)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

1. Basis for Award
The Government intends to award a single, Firm-Fixed-Price Task Order to the responsible offeror whose quote represents the Lowest Price Technically Acceptable (LPTA) selection.

2. Evaluation Factors
The Government will evaluate quotes based on three main volumes: Volume 1 (Technical Capability), Volume 2 (Past Performance), and Volume 3 (Price). To be eligible for award, the quote must be evaluated as "Acceptable" in all non-price factors and be the offeror with the lowest total evaluated price.

3. Volume 1: Technical Capability (Management Plan)
This volume will be evaluated on an "Acceptable" or "Unacceptable" basis. To receive an overall rating of "Acceptable," the offeror must receive an "Acceptable" rating on each sub-factor:

- **3.1 Sub-factor A: Transition Plan** — Provide a statement confirming the ability to begin full contract performance by the **start date of 04/01/2027**. Outline the overall approach to transitioning to the requirement.
- **3.2 Sub-factor B: Staffing Plan** — Detail how the contractor will monitor contract performance to ensure compliance.
- **3.3 Sub-factor C: Coverage Plan** — Submit a strategy for ensuring uninterrupted service coverage, including strategy for vacation coverage, absences, turnover of staff, and contingency planning to explain the process.
- **3.4 Sub-factor D: Hiring Plan (Recruitment and Retention Plan)** — Detail procedures for recruiting, hiring, and employee retention.
- Note: Sub-factors 3.1, 3.2, 3.3, and 3.4 are subject to the below criteria:

DETERMINATION	DEFINITION
Acceptable	The Offeror's quote meets all minimum requirements set forth for this evaluation factor.
Unacceptable	The Offeror's quote contains one or more deficiencies or fails to meet minimum requirements.

- **3.5 Sub-factor E:** GSA Schedule Compliance & Labor Mapping Evaluation — The Government will evaluate quotes to ensure compliance with FAR Subpart 8.4 and verify that all proposed labor categories are currently awarded under the Offeror's GSA MAS SIN 54151S contract. The Government will evaluate the Offeror's Labor Category Crosswalk Matrix to ensure that the proposed commercial GSA titles logically map to the duties of a Computer Programmer II (SCA Code 14072). Quotes that propose a labor category not found on the vendor's underlying GSA schedule, or that fail to demonstrate logical mapping, will be determined technically unacceptable and ineligible for award.

This will be evaluated on an "Acceptable" or "Unacceptable" basis. To receive an overall rating of "Acceptable," the offeror must receive an "Acceptable" rating on each sub-factor:		
Evaluation Check	Criteria for Acceptable	Criteria for Unacceptable
1. GSA Schedule Match	Every single proposed category is found on the vendor's active GSA SIN 54151S price list.	One or more categories are missing from their GSA contract. (Note: Hourly rate caps will be validated separately in Volume 3).
2. Crosswalk Delivery	The vendor provided the requested Crosswalk Matrix. This should be included in Volume 1 (Technical Capability).	The vendor omitted the Crosswalk Matrix.

3. SOW Requirements Check	The vendor's justification proves their GSA labor category's minimum education/experience meets or exceeds the SOW baseline.	The proposed GSA category requires less experience, education, or skills than what the SOW demands.

4. Volume 2: Past Performance

- **4.1 Evaluation Criteria:** The Government will evaluate the recency, relevancy, and quality of the offeror's past performance on similar IT professional services.
- **4.2 Submission Instructions:**
  - **A. Number of References:** Provide a minimum of three (3) past performance references for work performed as a prime contractor or major subcontractor.
  - **B. Recency:** References must be for services performed within the last three (3) years from the issuance date of this RFQ.
  - **C. Relevancy:** References must be similar in scope to the services requirements in the Statement of Work (SOW).
- **4.3 Format Requirements:** Provide the following details for each reference:
  - **A.** Contract / Task Order Number or other identifying number.
  - **B.** Name of Contracting Agency, Organization, or Private Sector Entity.
  - **C.** Total Contract Value and Period of Performance (Start and End Dates).
  - **D.** Brief Narrative describing the scope of services performed.
  - **E.** Point of Contact (Name, Title, Phone Number, and Email Address).
- **4.4 Past Performance Evaluation Ratings:** The Government will evaluate the recency, relevancy, and quality of the provided past performance information, including available Contractor Performance Assessment Reporting System (CPARS) reports, to assign one of the following ratings:
  - **Acceptable:** The offeror's past performance record demonstrates a probability of successful contract performance based on recent and relevant services.
  - **Unacceptable:** The offeror's past performance record fails to demonstrate a successful contract performance or displays a history of systemic performance failures.
  - **Neutral:** Offerors without a record of relevant past performance will receive a "Neutral" rating and will be treated as "Acceptable."

5. Volume 3: Price

5.1 Instructions to Offerors (Pricing)

- **Contract Basis:** This is a performance-based, Firm-Fixed-Price (FFP) Task Order issued under GSA MAS SIN 54151S.
- **Productive Hour Baseline**: All pricing calculations must be built mathematically upon an estimated baseline of exactly 1,920 productive work hours per year per position ~~(averaging 156 hours per month)~~. Quotes built upon an unapproved baseline will be determined non-responsive.

- **Principle of Payment for Services Rendered**: Monthly invoices will be paid strictly for productive hours and services performed. The Government will not pay for unworked hours resulting from federal holidays, contractor-employee leave, or federal building closures. Offerors must fully burden their proposed rates to absorb these non-billable periods.
- **Emergency Federal Building Closures:** In the event of emergency Federal Building closures, unless there is an approved Alternate Work Location (AWL) or Telework authorized by the COR, contractor personnel are not permitted to bill the Government for the period of the closure. Offerors must factor this operational risk into their proposed pricing.
- **Incumbency and Vacation Volatility:** Pursuant to FAR 52.222-41, employee vacation entitlements are based on total continuous service at the Federal facility, which is subject to change based on the seniority of the personnel retained from the incumbent. Offerors must account for this risk within their proposed rates.

5.2 Price Reasonableness & Evaluation:

  - **Total Evaluated Price (TEP):** Proposed pricing will be evaluated for completeness and reasonableness. The TEP will be calculated by adding the total proposed prices of the base period, all option periods, and the calculated FAR 52.217-8 Option to Extend Services period.
  - **FAR 52.217-8 Evaluation Method:** For evaluation purposes, the price for the FAR 52.217-8 option will be calculated by the Government by applying exactly 50% of the final option period's proposed price (CLIN 4001), representing a maximum 6-month extension. Evaluation of this option does not obligate the Government to exercise it.
  - **Fully Burdened GSA Pricing:** Quotes must provide fully burdened fixed pricing for all line items (CLINs) and labor categories across all periods of performance. All proposed hourly rates must be equal to or lower than the offeror's current approved GSA MAS contract rates.
  - **Monthly Increments:** Ensure that the total proposed annual price for the base period and each option period is divided evenly into twelve (12) months each, and six (6) months for FAR 52.217-8 Option to extend. The Government will not pay for unworked hours. Offerors must fully burden their proposed rates to absorb these non-billable periods.
  - **GSA Rate Validation:** The Government will validate that all proposed labor categories and hourly rates match, or are discounted from, the offeror’s approved GSA Schedule contract price list under SIN 54151S.
  - **Unbalanced Pricing:** The Government will review the quotes to detect any unbalanced pricing between the base year and option years. Quotes that are significantly unbalanced may be rejected if the imbalances pose an unacceptable risk to the Government.

A. Evaluation Process

- **Initial Ranking:** The Government will rank all received quotes from lowest to highest based on the calculated Total Evaluated Price (TEP).

- **Technical Review:** The Government will evaluate the lowest-priced quote first for technical acceptability (Volume 1 and Volume 2).
- **Award Decision:** If the lowest-priced quote is evaluated as "Acceptable" across all non-price factors, the evaluation process stops. The Government anticipates the award will be made to that offeror, and the remaining higher-priced quotes will not be evaluated.
- **Rejection:** If the lowest-priced quote is deemed "Unacceptable" in any non-price factor, it will be excluded from award consideration. The Government will then proceed to evaluate the next lowest-priced quote for technical acceptability. This process will continue until a quote is found technically acceptable or all quotes are evaluated.
- **Resolution of Tie Quotes:** In the event that two or more technically acceptable quotes submit identical Total Evaluated Prices (TEP), the Government reserves the right to resolve the tie using the following sequential step:
    - **Request for Final Price Revisions:** If a tie persists after evaluating the steps above, the Contracting Officer may, at their sole discretion, issue a written request allowing the tied offerors a single opportunity to submit a voluntary, final price revision.

6. Instructions to Offerors

A. Administrative Submission Requirements

- **6.1 Cover Page Identifications:** The offeror's quote must clearly display the contractor's active GSA MAS Contract Number, SAM Unique Entity ID (UEI), and CAGE Code on the cover page. Failure to provide a valid, active GSA MAS contract number may result in the quote being deemed non-conforming and excluded from evaluation.
- **6.2 Incorporation of GSA MAS Contract Terms:** All terms, conditions, and clauses of the contractor’s active base GSA MAS contract are hereby incorporated by reference and apply to any resulting task order and or modification to the task order.
- **6.3 Labor Mapping:** All quoted labor categories must map directly to the vendor's approved GSA MAS contract price list for the RFQ's SIN.
- **Volume 1 Submission** - Labor Category Mapping (Crosswalk) Requirement: The Offeror must provide a comprehensive Labor Category Crosswalk Matrix within Volume 1 (Technical Capability).The Government’s baseline requirement is modeled after the Service Contract Labor Standards (SCLS) labor category Computer Programmer II (SCA Code 14072).
- **Scheduke Specifics: Quotes must be derived entirely from the contractor's GSA MAS SIN 54151S contract (which predominantly consists of professional or SCLS-exempt labor categories), offerors are permitted to propose any professional GSA labor category or blended labor mix that effectively maps to the duties, qualifications, and experience level of an SCA Computer Programmer II. The Offeror shall identify the specific pre-awarded SIN 54151S commercial labor title being proposed (e.g., Database Analyst / Database Programmer, Programmer Analyst, System Analyst, Software Developer, Programmer, etc.) and provide a brief justification showing that its GSA schedule qualifications (education, experience, and duties) meet or exceed the requirements as outlined in the Statement of Work (SOW).**
- **Mathematical Baseline Constraints: Offerors must construct their proposed price matrices upon an estimated baseline of exactly 1,920 productive work hours per year per position.**

Quotes built upon an unapproved productive hour baseline (such as a 2,080 billable hour multiplier) will be determined non-responsive and ineligible for award.

- **Fixed-Price Nature of Workload: The Government clarifies that this is a Firm-Fixed-Price requirement for commercial support services where tasks and workload fluctuate. The proposed labor categories must meet the baseline technical qualifications outlined in the SOW to ensure execution of all tasks, regardless of time spent on any single activity.**

B. Quote Organization and Page Limitations

Quotes must be organized into the following distinct volumes and comply with the stated page constraints:

- **Volume 1 – Technical Quote (Capability):** Ten (10) page limit. Any pages exceeding this limitation will not be read or considered. This limitation does not include resumes, performance questionnaires, charts, figures, or illustrations. **This limitation does not include the Labor Category Crosswalk Matrix, resumes, performance questionnaires, charts, figures, or illustrations.**
- **Volume 2 – Past Performance:** Ten (10) page limit. Must include references for similar IT professional services projects. This limitation does not include CPARS reports, charts, figures, or illustrations.
- **Volume 3 – Price:** No page limit. Must utilize the mapped GSA MAS labor categories and demonstrate that rates do not exceed GSA contract ceilings.

C. Offeror's Responsibility and Pricing Rules

- **Completeness:** It is the responsibility of the offeror to ensure the submitted quote includes all costs of the requirement and completion in accordance with the specifications.
  It is the responsibility of the offeror to ensure the submitted quote includes all costs of the requirement and completion in accordance with the specifications. In accordance with the principle for services rendered. The Government will not pay for unworked hours. Offerors must fully burden their proposed GSA hourly labor rates to absorb all mandatory SCA fringe benefits (such as vacation, holidays, and sick leave) within the 1,920 productive hour baseline.
- Incumbency Variance: Individual employee vacation hour entitlements are based on total continuous length of service at the Federal facility, including service with predecessor contractors. Actual vacation liabilities are subject to change based on the exact seniority of the personnel hired or retained from the incumbent contractor. Offerors must account for this operational risk within their fully burdened rates.
- Evaluation: The total price (including options and the calculated 52.217-8 period) will be evaluated for reasonableness. Evaluation of options will not oblige the Government to exercise the option(s).**Evaluation:** The total price (including options) will be evaluated for reasonableness. Evaluation of options will not oblige the Government to exercise the option(s).
- **Additional Data:** The Government reserves the right to request additional information to assist in determining if the quoted price is fair and reasonable.

D. Mandatory Submission Portal

- **GSA eBuy Platform:** Offerors must submit their complete quote electronically through the GSA eBuy platform (**ebuy.gsa.gov**) under this RFQ Number.

- **Exclusion of Other Methods:** Quotes submitted via email, fax, physical mail, or any delivery method outside of the GSA eBuy system will be considered non-conforming and will not be evaluated.
- **Submission Deadline:** It is the sole responsibility of the offeror to ensure all volumes of the quote are fully uploaded and submitted within the GSA eBuy system prior to the closing date and time specified on the portal. Late submissions will be automatically blocked by the platform and will not be considered for award.

E. Amendments and Questions

- **Posting of Amendments:** All amendments, clarifications, and changes to this RFQ package will be posted exclusively to the GSA eBuy platform. It is the responsibility of the offeror to monitor GSA eBuy for any updates or amendments up until the closing deadline.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)
